H. J. BHABHA, *Inspr. Gen. of Education.*

FOREST DEPARTMENT.

NOTICE.

Tenders are invited for the supply of the marginally noted provisions required for use of the Government elephants in the Wynaad taluk.

Rice per 100 lbs.		Decannalli per lb.		Cocoanut oil per bottle.	
Do flour	do	Camphor	do	Lamp oil	do
Ragi	do	Pepper	do	Gunny bags, each.	
Salt	do	Garlic	do	Empty kerosine oil tins, each	
Gram	do	Jaggory per 100 lumps (big).			

The supplies are to be delivered at Begur for the elephants in the Begur Range and at either Muthanga or Chedalth as the case may be for those in the Chedalth Range.

The contract will last from April 1st 1899 till March 31st 1900. Tenders must state the price at which tenderers are willing to supply the provisions ; they must be in sealed covers superscribed "Tender for Elephant Provisions," and must reach the undersigned on or before March 15th. They will be opened on March 16th. Each tender must be accompanied by a deposit of Rs. 20 in currency notes. The successful tenderer will, before 25th March 1899, be required to deposit a sum of Rs. 200 in the Post Office Savings Bank and to enter into an agreement with the District Forest Officer binding himself to supply the provisions as required.

N. B.—The tenders for supplying the provisions in the Chedalth Range must state their prices in seers for articles which are marginally noted as being in lbs.

H. TIREMAN, *Dt. Forest Officer, North Malabar*

Notice, dated Camp Kulgi, 6th January 1899.

Is hereby given that an auction sale of timber will take place, commencing from the 27th February 1899, at the Halial Depôt of the North Kanara district 7 miles from Alnawar Station on the S. M. Railway.

2. The probable quantity of timber that will be put up for sale is as follows :—

Teak	4,800 tons of 50 cubic feet each.	
Blackwood	700 tons	do
Junglewood	180 tons	do
Teak poles	8,500 (Number)	

3. The timber will be arranged in lots, and put up to auction at an upset moderate price.
4. 25 per cent of the purchase-money must be paid at the time of sale.
5. Further information will be given at the time of sale.

W. E. COPLESTON,
Divisional Forest Officer, N. D. Kanara.

CHITALDURG DISTRICT.

Notice, dated 31st January 1899.

The Depositors of Mysore Government Savings Bank, Chitaldrug district, are requested to send their pass books for adjustment of interest of 1897-98 to the respective Treasuries of this district in which their transactions are conducted.

T. H. HANUMANTHAIYA, *Try. Officer.*

TUMKUR DISTRICT.

The 28th January 1899.

It is hereby notified that, in satisfaction of arrears of land revenue due by Ramasastri, &c., and Datu Sastri, revenue defaulters, the undermentioned immovable property, which has been declared forfeited, will be sold by public auction before the Amildar at the Village of Gubbi, Gubbi taluk, Tumkur district, on the 4th March 1899. The sale will commence at 11 A. M., and the property will be knocked down to the highest bidder without reserve.

2. The amount of the arrears of revenue payable by the purchaser on the property for the whole of the year 1897-98 is Rs. 112-8-0 as shown in detail in the statement at foot.

3. Purchasers will be required to deposit twenty-five per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within fifteen days from the day of sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made, nor the remaining purchase money paid up, the property shall be re-sold at the expense and risk of the first purchaser.

5. Persons bidding at the sale may be required to state whether they bid on their own account or as agents, and in the latter case, to deposit a written authority signed by their principals; otherwise their bids may be rejected.

6. The sale shall be stayed if the defaulter or any person acting on his behalf or claiming an interest in the property, tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender is made before the property is knocked down.

7. The sale of the property will not become absolute until confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money, will, as soon as the sale is confirmed by the Deputy Commissioner, be placed in immediate possession, and the property will be registered in the name of the purchaser, and a certificate of sale, signed and sealed by the Deputy Commissioner, will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided, parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Deputy Commissioner within thirty days from the day of sale, and also to appeal to the Government against his order within the time prescribed by law; and the purchase shall be conditional on the final order in such appeal.

SCHEDULE.

Taluk.	Hobli.	Village.	Name of defaulter.	Description of property.				Amount of arrears due to Government, including notice fees, &c.

Mr. A. Vedantadesigam Iyengar, Amildar of Sira.

Non-Official Member.

Mr. Srinivasathatachar, (reported sick).

1. Read the Local Fund Budget Estimates for the year 1698-99.

Resolved that the estimates which are approved by the Board be submitted to Government.

2. Read again letter No. 838—6195, dated the 4th December 1897, from the Executive Engineer, Tumkur division, regarding the road from Tumkur to Kunigal. This road is admitted on all hands to be in very bad condition During the rainy season, it is almost impassable. Having regard to the traffic on the road, it is necessary that it should be thoroughly metalled. The Executive Engineer estimates the cost of such metalling at about Rs. 48,000 at the rate of Rs. 2,000 per mile. The District Funds are unable to provide for the work and the Government have declined to undertake the work from Provincial Funds. It is hopeless to expect a grant from the Local Funds General on this account. Under such circumstances the Board resolve that an application be made to Government to favor the District Funds with a loan of Rs. 48,000 without interest, repayable by annual instalments of Rs. 3,000 to meet the cost of the improvement of the road and that the permission of Government be sought to levy tolls on this road at the rate of one anna and half an anna for laden and unladen carts, respectively, after the road is brought to an efficient condition.

3. Read letter No. 500, dated 13th September 1897, from the President of the District Fund Board, Hassan Circle, enquiring whether this District Board is willing to open that portion of the proposed road from Huresave to Nonavinkere which passes in this district.

Resolved that no new road be undertaken at present.

4. Read docket No. 1099, dated 17th January 1898, from the President of the District Fund Board of the Hassan circle, forwarding an extract from the Proceedings of a meeting of the Board held on the 6th December 1897. Urging the necessity of unproving that portion of the Channarayapatna-Tiptur road lying within this district, and requesting that early action may be taken in the matter. The Executive Engineer explained that out of 7 miles of this road situated within this district, 2 miles had been metalled and that the remaining 5 miles would be attended to out of "the annual repair allotments"

Resolved that the President of the Hassan District Board be informed accordingly.

Proceedings of the Members of the District Fund Board of the Tumkur district, dated Wednesday, the 13th April 1898.

PRESENT.

Mr. Narain Rao, President.

Official Members.

1. Mr. C. Seshadri Iyengar, 1st General, Assistant Commissioner, in charge of Maddagiri, Sira and Pavagada taluks.

ABSENT.

Nil.

I. Read Government Proceedings No. 8719-36—L. F. 54-95, dated 28th January 1898, regarding the arrest of the growth of the lantana plant. The Board are unanimously of the opinion that the growth of the shrub should be arrested. In occupied land, the raiyat should be asked to see to the arrest of the growth of the plant; and in unoccupied lands, the District Funds should be debited with the cost of destroying it.

II. The subject of entrusting the Amildars as an experimental measure with the maintenance of some of the Local Fund roads was discussed, and the sense of the Board was that if Amildars were entrusted with this work the roads could be maintained in better condition than they are at present, by inducing the patels of villages on the road-side and the District Fund members in the neighbourhood to take an interest in them. The Amildars of the following taluks expressed their readiness to undertake the maintenance of the following roads, if the maintenance allotments were transferred to them.

	Taluks.	Roads.	Miles.	Allotment per mile.
				Rs.
1	Sira ..	Sira-Maddagiri road	9	70
2	Maddagiri ..	Do	14	70
3	Kunigal	Kunigal-Huliyurdrug road	18	80
4	Tiptur	Road from Bidarammanagudi to Singanahalli ..	16	100
5	Pavagada	Pavagada-Roddam road	7	50

Resolved that proposals should be sent up to Government.

III. *Resolved* that in future, the District Fund meetings be held at Tumkur, Sira, Tiptur, Maddagiri and Gubbi as may be resolved upon at each meeting The non-official members agreed to this proposal.

Proceedings of the members of the District Fund Board of the Tumkur district, dated Tuesday, the 9th August 1898.

PRESENT.

Mr. M. Narain Rao, President.

6. „ Syed Mustafa Saib

ABSENT.

Official Members.

1. Mr. A. Subramanya Iyer, B. A., 2nd Assistant Commissioner, (on leave).
2. „ R. Shama Rao, Amildar of Kunigal (sick).

Non-Official Member.

1. Mr. Srinivasathathachar.

1. Read Government Proceedings No. 13007-12—L. F. 103-97, dated 13th April 1898, sanctioning the District Fund budget estimates of the Tumkur Circle for 1898-99.

Recorded. The sum of Rs. 1,500 sanctioned under "VI. Village Sanitation" shall be distributed as follows :—

	Rs.
For each taluk	100
For each sub-taluk	75

The Amildars and Deputy Amildars will submit proposals for utilizing the above allotments.

2. Read Executive Engineer's docket No. 567, dated 30th July 1898, forwarding an estimate for Rs. 668 for the construction of a compound wall to the dispensary at Pavagada, and requesting to be informed if the District Fund Board will pay ⅓ of the estimate amount, *viz.*, Rs. 222-10-8.

Resolved that the compound wall round the dispensary is not a necessity. Other Local Fund Dispensaries are not provided with compound walls.

3. Read Executive Engineer's docket No. 527, dated 16th July 1898, forwarding an estimate for Rs. 1,521 for the construction of tunnels on the Kibbanhalli-Huliyar road.

Resolved that the work may lie over for the present.

4. Read Executive Engineer's Memo No. 568, dated 4th August 1898, forwarding copy of Superintending Engineer's No. 2306, dated 22nd July 1898, and requesting a grant of Rs 3,494 for the construction of the bridges at Gubbi and Mayasandra. Read also the marginally noted communications on the subject. The Board are of opinion that the bridges in question cannot be abandoned, Mr. Ramadasappa and the Assistant Surgeon dissenting. The Executive Engineer asks for funds for these bridges in full for the current year. The Board think that the balance at their credit, *viz.*, Rs. 29,239, will be very materially diminished if the whole of the cost be charged to District Funds. They therefore resolve to address Government in view to moiety of the cost being met from Local Funds General.

Secretary's docket No. 870—L. F. 255-96, dated 16th July 1898, and Executive Engineer's No. 579—En. 2, dated 8th August 1898.

5. Read Executive Engineer's No. 1475, dated 29th July 1898, forwarding a statement of expenditure incurred out of District Funds during the month of June 1898.

Resolved that in future monthly detailed statements of expenditure be obtained from the Executive Engineer and placed before the Board.

6. Read Executive Engineer's docket No. 545, dated 25th July 1898, forwarding a revised estimate for Rs. 3,551 for the special repairs of the Tiptur-Channarayapatna road.

Resolved that the revised estimate be sanctioned and an appropriation of Rs. 700 be made for the current year from the provision of Rs. 2,000 sanctioned under "Building tunnels on the Holalkere-Huliyar road" in the budget for 1898-99.

7. The following Proceedings of Government were read and recorded :—

(1) Government Proceedings No. 11867-74—L. F. 120-97, dated 21st March 1898, observing that no explanation need be submitted to Government in regard to the absence of members from the District Fund Board meetings except when there has been an absence from three consecutive meetings.

(2) Government Proceedings No. 15816-51—Mis. F. 15-96, dated 4th June 1898, issuing revised regulations for the occupation and preservation of travellers' bungalows.

(3) Government Proceedings No. 16215-26—L. F. 60-97, dated 11th June 1898, reviewing the District Fund Administration Report of the Tumkur circle for 1896-97.

(4) Government Proceedings No. 16846-58—L. F. 255-96, dated 23rd June 1898, sanctioning the supplemental District Fund budget estimates of the Tumkur circle for 1897-98.

(5) Government Proceedings No. 537-46—L. F. 99-96, dated 11th July 1898, observing that the proposal of the Senior Surgeon to pay the cost of medical books in the first instance out of the Medical budget and to subsequently adjust it by credit to the Medical Department and debit to District Funds, does not commend itself to Government.

8. Read Secretary's Official Memo No. 1129-96—Mis. F. 2-96, dated 21st July 1898, forwarding the Dasara Calendar for 1898.

The non-official members elected Messrs. Agali Krishnappa and Chikkanna Shetty to represent the Board at the next Representative Assembly.

9. Read Pavagada Amildar's report No. 35, dated 19th July 1898, requesting to make a reference to the Madras Government for improving that portion of the Penukonda-Pavagada road which lies between Kodimadagu in the Pavagada taluk and Koppa in the Penukonda taluk.

Resolved that the President of the District Board of Anantapur be addressed on this subject as well as on the necessity of improving the *ghat* near Penukonda.

10. Read Turuvekere midwife's application, dated 30th July 1898, applying for further extension of leave for 4 months from 2nd August 1898 in addition to 3½ months' leave already granted to her, and stating that if the leave be not granted, her resignation of her office may be accepted.

Resolved that her resignation be accepted and the Senior Surgeon addressed to send a new midwife for Turuvekere.

11. Before the meeting dissolved, the members unanimously thanked the Executive Engineer, Mr. C. T. Dalal, for the interest he evinced in the execution of District Fund works under him during the last 17 years of his employment in the district.

M. NARAIN RAO, *President.*

C. B. SESHAGIRI ROW,
for *District Registrar.*

HASSAN DISTRICT.

145

The 28th January 1899.

It is hereby notified that in satisfaction of arrears of land revenue due by the undermentioned revenue defaulters the undermentioned immovable property which has been declared forfeited, will be sold by public auction at the Taluk Cutcherry, Hassan, on the dates noted in the accompanying schedule. The sale will commence at 11 A. M., and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1897-98 is as shown in detail in the statement at foot.

3. Purchasers will be required to deposit twenty-five per cent of the purchase money at the time of the sale, and where the remainder of the purchase money may not be paid within fifteen days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made nor the remaining purchase money paid up, the property shall be re-sold at the expense and risk of the first purchaser.

5. Persons bidding at the sale may be required to state whether they bid on their own account or as agents, and in the latter case, to deposit a written authority signed by their principals; otherwise, their bids may be rejected.

6. The sale shall be stayed if the defaulter or any person acting on his behalf, or claiming an interest in the property, tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession, and the property will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided, parties deeming themselves aggrieved by the sale, shall be at liberty to appeal to the Deputy Commissioner within thirty days from the day of sale, and also to appeal to Government against his order within the time prescribed by law; and the purchase shall be conditional on the final order in such appeal.

SCHEDULE.

Taluk.	Hobli.	Village.	Names of defaulters.	Description of property.				Amount of arrears due to Government, including cs, &c	Date of Sale.

N. B.—The sale is free from all tenures, encumbrances and rights created by the jodidars, &c., or any of their predecessors in title, or in anywise subsisting against them.

D. DEVARAJ URS, *Dy. Comr.*

The 7th February 1899.

The Depositors of the Mysore Government Savings Bank, Hassan district, are hereby requested to send their Pass Books to the Treasuries concerned for annual adjustment of interest for the year 1897-98.

D. M. NARASINGA RAO, for *Dy. Comr., Try. Dept.*

KADUR DISTRICT.

The 6th February 1899.

It is hereby notified that in satisfaction of arrears of land revenue due by the late Mr. Rangaiya, Hebbar, revenue defaulter, the undermentioned immovable property, the occupancy of which has been declared to be forfeited, will be sold by public auction at the Cutcherry of the Mudgere taluk in the Kadur district, by the Amildar on Monday 20th March 1899. The sale will commence at 11 A. M., and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser up to end of the year 1898-99 is Rs. 135, as shown in detail in the statement at foot.

3. Purchasers will be required to deposit twenty-five per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within fifteen days from the day of sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made nor the remaining purchase money paid up, the property shall be re-sold at the expense and risk of the first purchaser.

5. Persons bidding at the sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals; otherwise their bids may be rejected.

6. The sale shall be stayed if the defaulter, or any person acting on his behalf or claiming an interest in the property, tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down to the highest bidder on the date of sale.

7. The sale of the property will not become absolute until confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession, and the property will be registered in the name of the purchaser, and a certificate of sale, signed and sealed by the Deputy Commissioner, will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided, parties deeming themselves aggrieved by the sale, shall be at liberty to appeal to the Deputy Commissioner within thirty days from the day of sale, and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional on the final order in such appeal.

F. E. C. CARR, *Dy. Comr.*

Notice, dated 28th January 1899. 146

The Depositors of the Mysore Government Savings Bank, Kadur district, are hereby requested to send Pass Books to the undersigned for annual adjustments of interest for the year 1897-98.

C. VENKATA RAO, for *Dy. Comr., Try. Dept.*

BANGALORE DISTRICT.

Notification, dated 10th February 1899.

K. Hanumanta Rao, acting Taluk Sheristadar and 3rd Class Magistrate, Channapatna taluk, is hereby invested with the following additional powers under Section 37 of the Code of the Criminal Procedure :—

(1) Power to make orders prohibiting repetition of nuisances, Section 143.
(2) Power to make orders under Section 144.
(3) Power to hold inquests under Section 174.
(4) Power to take cognizance of offences upon complaint, Section 191.
(5) Power to take cognizance of offences upon Police reports, Section 191.

3. Secretary's docket No. 4860—4796, dated 7th October 1898, and subsequent reminder No. 8781—4796, dated 27th January 1899, requesting the submission of a plan of the locality in the new Thargupete proposed for the construction of a new Municipal School building.

4. Letter No. 562, dated 4th February 1899, from the President, City Municipal Schools' Committee, suggesting certain improvements of the surroundings of the City Municipal School.

5. Sanitary Engineer's docket No. 3029—1432, dated 4th November 1898, informing that no licenses for new buildings for dwelling houses, are to be granted within the City of Bangalore without the sanction of Government.

6. Deputy Commissioner's No. 1043, dated 3rd February 1899, forwarding copy of Government Proceedings No. 5216-7—L. F. 1892, dated 1st February 1899, sanctioning a further advance of Rs. 50,000 on account of acquisition of lands, &c., required for the extensions of the Bangalore City.

7. Government Proceedings No. 9047-8—L. F. 110-97, dated 2nd February 1899, granting a loan of Rs 16,000 to meet urgent demands.

8. Government letter No. 782-90—Mis. 190, dated 14th July 1898, requesting to submit a detailed report showing how far the defects and omissions pointed out in Mr. Biddulph's report on the present system of maintaining Municipal accounts, &c., have been rectified.

9. Government Proceedings No. 8959-69—L. F. 105-95, dated 31st January 1899, prescribing revised Rules for Pensions and Gratuities to Municipal servants.

Deferred Proposition.

10. Health Officer's letter No. 262, dated 7th December 1898, suggesting the substitution of tiled roofs in lieu of mud roofs to houses at present existing in the City of Bangalore.

K. P. PUTTANNA CHETTY,
President.

MYSORE CITY MUNICIPALITY.

Notice, dated 8th February 1899.

In pursuance of the Plague Commissioner's Notification No. 5884, dated 13th January 1899, and Government Notification No. Pg. 1067, dated 31st January 1899, the President of the Mysore City Municipality hereby notifies to the public that, when any death takes place within the municipal limits of the Mysore City, the certificate of a Medical Officer shall be obtained showing the cause of death within two hours after such death.

If a burial or cremation takes place without such certificate having been obtained, the death will be presumed to have been due to plague, and the provisions of Government Notification No. Pg. 555, dated 28th November 1898, will be applicable.

The undermentioned Medical Officers are authorized to grant such certificates—whose addresses are given below :—

No.	Name.	Designation.	Place.
1	Dr. P. S. Atchyuta Rao	.. Health Officer	.. Town Hall.

P. R. W. WETHERALL,
for *President.*

MYSORE CITY MUNICIPALITY.

Notice, dated 6th February 1899.

It is hereby published for general information that the stray dogs without collars will be killed from the 25th February 1899 in the Mysore City.

MUNICIPAL NOTICE.

The following business will be transacted at the Ordinary Meeting of the Municipal Commissioners for the City of Mysore to be held in the Rangacharlu Memorial Hall on Saturday, the 25th February 1899, at 8 A. M.

Subjec's.

1. Consideration of accounts of receipts and disbursements and also the vital and other statistics for the month of January 1899.

2. Consideration of supplemental budget for the year 1898-99.

3. Petition from Ammoyi aad Govinda Dass, daily fees contractors of the Devaraj market, praying for reduction in the contract amount, *viz.*, Rs. 101, for the above, and Rs. 17 for cart stand per month, on the ground that their business greatly suffered on account of the prevalence of plague in the City.

4. Petition from Sabjan, daily fees contractor, Mandi market, praying for reduction in the contract amount, *viz.*, Rs. 32, on the same ground.

5. Consideration of the following estimates of works proposed :—

(1) For Rs. 440 for extending flood water drain behind Mr. Hotte Ranganna's house in the Jubilee road.

(2) One for Rs. 197 for constructing a slab drain in Abdul Khadar galli, Lashkar Mohalla.

(3) One for Rs. 158 for constructing a drain in Madiah's galli, Mandi Mohalla.

(4) One for Rs. 126 for purchasing fencing wire for Town Hall compound and the park near big clock tower.

(5) One for Rs. 6 for repairing 3-wheeled hand-barrow.

H. NANJUNDARAJ URS, for *President.*

THE CHIEF COMMISSIONER OF COORG.

Notification, dated 8th February 1899.

No. 5. Tenders are invited for the exclusive right of the sale of opium, preparations or admixtures of opium, and intoxicating drugs prepared from the poppy other than preparations or admixtures of opium used for smoking, in the Province of Coorg for 3 years, *viz.*, from the 1st April 1899 to 31st March 1902. The tenders for the above must be made subject to the following conditions:—

2. A deposit of Rs. 100 must accompany the tender. The covers should be superscribed with the words,

"Tenders for the sale of opium, preparations or admixtures of opium, and intoxicating drugs prepared from the poppy other than preparations or admixtures of opium used for smoking," and must be sent to the Commissioner of Coorg on or before 12 noon, on Monday the 20th March 1899, after which no tender will be received.

3. The tenders shall specify the amount which the parties tendering undertake to pay to Government annually as rent for the exclusive privilege of sale of the said articles. The rent will be payable quarterly, in advance, that is, on 1st April, 1st July, 1st October and 1st January of each year.

4. The tenders will be opened by the Commissioner, or in his absence, by one of the Assistant Commissioners at Mercara at noon, on Tuesday the 21st March 1899, in the presence of those applicants who may be present. The final disposal of the tenders, will, however, rest with the Chief Commissioner of Coorg, who reserves to himself full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected will be returned to them.

5. The applicant whose tender may be accepted by the Chief Commissioner shall be required to deposit within 3 days a further sum in cash, or currency notes, or Government Promissory notes to make up together with the deposits previously made, a sum equal to half of the annual payment or rent guaranteed, such deposit being eventually credited towards the instalments due for the half year, ending with 31st March 1902, and further, he shall, within 10 days of the acceptance of his tender by the Chief Commissioner, execute an agreement in the prescribed form on stamp paper, binding himself to conform to the rules prescribed under the Opium Act I of 1878, and shall give security for the due fulfilment of the engagement entered into by him, and if he fails to do so, the deposits already made shall be forfeited to Government and the contract shall be otherwise disposed of.

6. In the event of the contractor failing to pay up any instalment on the date on which it falls due, the Commissioner of Coorg shall be at liberty at once to cancel the contract, and to confiscate the deposit, the lease being re-sold at the contractor's risk.

7. The number of shops to be opened for sale of the articles aforesaid in Coorg is restricted to three, *viz.*, one at Mercara (Mahadeopett), one at Virajendrapett and one at Somvarpett.

8. No other shops than those specified in paragraph 7 above, shall be opened except under the special sanction of the Commissioner.

9. The persons appointed by the contractor to vend by retail at the several shops above enumerated must be furnished by him with licenses approved and countersigned by the Commissioner of Coorg according to the forms prescribed by law.

10. All opium required for vend must be procured through the Commissioner of Coorg on payment of the price fixed by the Chief Commissioner, and on the expiry of the contract the incoming contractor shall be bound to take over, if so required by the Commissioner, any opium, preparations or admixtures of opium and intoxicating drugs prepared from the poppy other than preparations or admixtures of opium used for smoking that may remain unexpended belonging to the former contractor to the extent of 2 months' supply at such price and in such quantities as the Commissioner shall adjudge.

11. Further particulars may be ascertained on application to the Commissioner of Coorg, Mercara.

K. D. ERSKINE, *Captain*,
Secy. to the Chief Commissioner.

PAPERS IN CONNECTION WITH THE BUBONIC PLAGUE.

INSPECTION NOTES OF THE PLAGUE COMMISSIONER AND REVENUE COUNCILLOR, EASTERN DIVISION.

Kolar Gold Fields.

2ND FEBRUARY 1899.

Drove with Deputy Commissioner and Plague Officer to the Ghat Police Station.

Balaghat. From this point struck across a cart-track passing through the Balaghat Mines property. Near the Balaghat Station inspected the porter lines, which had been disinfected, and ordered the rubbish lying near the lines to be burnt after pouring kerosine oil over it. Walking onward reached the loop-line connecting the Mulbagal Railway feeder with Ooregum road. Inspected the trace of the new road branching off from the loop-line up to Ooregum small tank.

From this point went across the fields to Ooregum village. At the entrance to

Ooregum. the village noticed a small quantity of sewage deposited in shallow pits. It was ascertained that it was removed from pits sunk in front of each house for receiving sullage and sewage water. This system of allowing the sewage water either to collect in pits or to run in open drains is noticeable all over the village. It is understood that 200 cisterns will suffice for the whole village and they can be constructed under Rs. 5 each. Ordered that masonry cisterns should be built to receive the sullage and that the matter collected should be carted away to a distance. Saw the house in which a suspicious death was said to have taken place that morning. Inspected the low-lying huts run up almost in the paddy flats and which had lately been condemned and evacuated by the Deputy Commissioner.

The place is low and the sewage runs in drains taken in the soil on both sides of the road. There is no flow and the whole virtually soaks into the soil.

Passing through the paddy flats of Sonnakoppa tank, rejoined the trace of the new road near the right end of the tank. Saw the new well and also the plague health-sheds in progress. These are roofed with corrugated iron sheets with mud walls 12′ × 12′. 51 huts have been completed and forty-three occupied by families removed from Ooregum village. The other sheds, 49 in number, are under construction.

From here walked down to the plague sheds. The hospital shed is roofed with

Ooregum Plague Sheds and Hospital. corrugated iron sheets, the walls being of bamboo mats. These do not afford sufficient protection against wind. Directed that they should be daubed with red earth and made wind-proof. The Hospital is divided into four compartments 12′ × 9′ and there were two patients in it at the time of inspection. There was no clinical chart put up, and one of the patients was sitting up in bed. The Hospital Assistant, who is a pensioned man from the Madras side, did not know if the patient had plague or not. He admitted he was not able to diagnose plague, and did not know how to treat it. Now that some indigenous cases have occured in Marikuppam bazaar, it is time that the hospital was put in charge of a man with better qualifications and one who has had some experience of plague work in Bangalore. The office and kitchen were in good order, but I understand that the medicines have to be brought from the Central Stores in Bangalore. The contact sheds, both those erected at the expense of the Mines and by Government, are well arranged and neatly kept. There were inmates both in the male and female sheds. There are also sheds for totis and for Police guards. Better arrangements might be made for disinfecting the contacts and their clothing.

Moving on towards the south, inspected the sites allotted for the market, for Medical, Excise, D. P. W., Geological and Police Departments on both sides of the new road. Inspected also the inspection lodge under construction, which has come up to the basement level. From this point rode towards the south-west observing the construction of the general cemetery, passed through the Marikuppam bazaars inspecting the houses in which there had been plague and which the disinfecting officers had lately unroofed after disinfection.

Conference with the Superintendents of the Mines.

At 1 noon held a meeting at the Champion Reefs Camp where the following Mining Superintendents and Government Officers were present:—

Dr. O'Donnell, Chief Medical Officer; Mr. R. Hancock, Mysore Mines; Mr. Hambley, Ooregum Mines; Mr. Bowsworth-Smith, Tank Block Mines; Captain J. Rowe, Champion Reefs; Mr. Chegwin, Oriental. Mr. T. Richards, Nandidroog Mines; Mr. Williams, Gold Fields of Mysore; Mr. H. H. Sparkes, Deputy Commissioner, Kolar district; Mr. Hume Wright, Special Magistrate, Kolar Gold Fields; Mr. F. S. Hay, Assistant Superintendent of Police and Plague Officer.

After some discussion it was agreed that it was undesirable to apply for stopping of booking at Kuppam, that such a step would be attended with much annoyance and inconvenience to the public, while the protection to the Gold Fields afforded was of doubtful efficacy. The Mining Superintendents, however, were of opinion that an Inspection-station should be opened at Bisinatham for examination of passengers going to the Fields. The Meeting also were of opinion that the Police patrols to the south and east should be strengthened, that a Hospital Assistant should be assigned to Ooregum village, that the conservancy of the Jodidar's Lines should be improved, and that a Lady Apothecary or some other qualified medical woman should be posted to search houses in the Jodidar's Lines, and that a medical officer, qualified to inoculate, should be deputed to inoculate in the villages.

Inspection Station at Bisnatham.

Re the institution of an inspecting station at Bisnatham, Mr. Hay has already inspected Bisnatham station accompanied by the Sub-Assistant Surgeon. He has selected a site for the Inspecting Medical Officer, for the Police, and for the passengers. I have authorized him to run up sheds 20 × 10′ and 10′ × 10′ for the Medical Officer, and three sheds 20′ × 10′ each for passengers and Police. The Senior Surgeon has been requested to deputate an Officer of the grade of Sub-Assistant Surgeon to be in charge of this Inspection-station. The Plague Officer has been authorized to entertain one Officer and three Constables in addition to the three Constables now employed for duty at the station. The Plague Officer has also received instructions for having 2 big cauldrons put up at the camp in the station for disinfecting the person and clothing of the passengers alighting at the station. The instructions are that such of the passengers alighting at the Station as are liable to be detained and disinfected should be disinfected, served with observation notices, escorted to the Fields and delivered to the Camps to which they may wish to proceed. Passengers arriving by the evening train will be kept for the night, and disinfected with those that arrive by the morning train and all of them sent in one batch to the Fields.

Inspection at Kamasamudram.

There is already a Hospital Assistant at Kamasamudram; the Police establishment there also will be 1 Officer and 6 Constables. Arrangements similar to those at Bisnatham have been ordered for disinfection at the station. But these arrangements may not have to be long continued, for I understand there has been a falling off in passengers alighting at these stations already. For December the daily average of passengers for Bisnatham was 51·0 and Kamasamudram 24·4. For the first fortnight of January the number had fallen to 24·0 and 16·0, and for the 2nd fortnight there has been a further fall to 15·5 and 11·3, respectively.

Madamangalam.

For the frontier to the south and east, 5 additional out-posts have been opened and Policemen appointed to them. For those who come across country and are caught at the outpost, it is proposed to have a disinfection shed opened at Madamangalam. Altogether 5 officers and 42 Constables, costing altogether Rs. 386 per month, have been sanctioned in addition to the present Plague establishment.

There is a rigorous supervision exercised at Bowringpet. Every suspicious arrival from an infected area is detained for observation in the Camp at Bowringpet, and only such as have stood a severe examination by the Medical Officer are allowed to proceed to the Gold Fields under escort and delivered at the different stations to the Sanitary Overseers deputed by the Mining Superintendents.

The disinfection arrangements now ordered at Madamangalam, Bisnatham and Kamasamudram ought to afford additional protection to the mines. I have only one additional precaution to suggest to the Mining Superintendents, and that is to have the working suits of coolies working underground thoroughly disinfected, and kept somewhere near the shafts, to be worn when they go underground and left at the mouth of the shaft when their work is over. The cloths may be marked by a number of letters. They may be exposed to the sun when not worn and disinfected as often as can be conveniently arranged.

Plague Staff.

There is more than a sufficient staff of Plague Supervisors and Inspectors, but I fear that they are not properly trained in the method of disinfecting houses, and I have asked for a trained disinfecting Inspector being sent down from Bangalore. I have also asked for the services of two trained Midwives and Nurses, and have asked the Health Officer from Bangalore to go down to the Fields and carry out the necessary improvements in the Hospital and show the man in charge the way to prepare correct returns.

3rd February :—

Bowringpet.

Morning.—Inspected the town of Bowringpet with the Deputy Commissioner. Saw the Plague Detention Camp. The sheds are kept clean; men and women under observation seem to be well cared for. I have every reason to be satisfied with the scrutiny exercised by the Medical Officer in chage of the Bowringpet Railway Inspecting Station.

In the afternoon the Deputy Commissioner, who had gone with the Plague Officer to the Jodidar's Lines in the day, returned and spoke favourably of the temper of the people living in the Lines, especially the Mahomedans, who were willing to evacuate. The Deputy Commissioner expects to get the Lines placed in a sanitary condition within a few days.

Taluk Cutcherry.

In the evening inspected the Taluk Cutcherry. It is not well adapted for a Taluk Cutcherry. I would recommend its being sold and a new building constructed higher up in the new Town on a scale to meet the requirements of a growing town like Bowringpet.

Taluk Records.

The cutcherry was better kept than at the last Inspection, but I found no improvement in sorting the records. Some that had been sorted were kept without being tied in cloth bundles. I think one or two hands should be assigned specially to see the records taken in hand and brought into order. I shall be glad to know what steps the Deputy Commissioner has taken towards carrying out my suggestions. I am the more anxious about the records as I understand that some important papers are missing from some of the bundles.

4th February :—

Kolar.

From Bowringpet to Kolar, Inspected the Plague Detention Camp, both the one for the Hindus and the one for the Mahomedans. They were kept clean and every arrangement made for the comfort of the men and women detained.

Inspected the town. I was pleased to find that many improvements had been made since my last visit in October. I was particularly struck with the thoroughness with which a conservancy lane which had been pointed out to me to be of vital importance for the sanitation of the town, had been carried through the whole length of an important and overcrowded street. The Deputy Commissioner has the work well in hand and expects to have similar lanes opened for the benefit of the other parts of the town.

He has the willing and hearty co-operation of the leading men of the town and of his officers.

5th February :—

In the morning inspected the Plague Camp and Hospital. A patient who did not develop plague is about to be discharged, and another is in a precarious condition. The arrangements for feeding the patients are good. No necessity has arisen for giving meat broths, but the Civil Surgeon has appliances ready for preparing these and other necessary items of hospital diet.

The Civil and Medical authorities have worked with one accord to keep out plague and have so far dealt with imported cases promptly and effectively. The Civil Surgeon should have an Assistant to look after the Headquarters when he goes out on inspection in the district, and on inoculation work.

Extract from the Diary of the Acting Extra Assistant Commissioner, Chikballapur sub-division, for the week ending Friday, 3rd February 1899.

"At Posettihalli I traced the origin of plague in that village to the arrival of one of the villagers' son-in-law with things from plague-infected town of Hosur in Goribidnur taluk; on the 28th ultimo this villager's family was the first attacked in Posettihalli, and it lost five members. The whole village is evacuated, and inhabitants are putting up in huts. On the appearance of dead rats in Rommenahalli most of the villagers left the village and are now camping out. There were 61 attacks and 56 deaths in the town and village of Chikballapur during the week, against 76 and 66 of the past week. Out of the 250 persons inoculated on the 30th and 31st January only one girl died and probably she was predisposed to plague. * * * *"

Extract from the diary of the District Plague Officer, Tumkur, for the week ending 3rd February 1899.

* * * * *

Plague in the Tumkur Town.—There were 8 attacks and 8 deaths as against 6 attacks and 5 deaths of the last week. Most of the cases occurred in the suburbs of Tumkur. The Vice-President of the municipality reports that attacks in the town proper were less than in the previous week. Applications for disinfection of houses are increasing day by day, and the people who have left the town are showing impatience to return to their homes.

Remarks of the Deputy Commissioner on the above.

The disinfection of these houses is going on. I inspected some of the houses which were being disinfected, and am satisfied that the work is done thoroughly.

Remarks of the Plague Commissioner on the above.

Don't let them return until disinfection work is completed. The longer they stay out in this weather the better chance of avoiding a recrudescence and of their having to again evacuate in less clement weather. Point this out to the people.

Plague in the Mofussil.—During the week under report the following villages of the Tumkur taluk became infected.

1. Beramkall (3 miles from Tumkur). 2 Chikkahalli (7 miles from Tumkur). 3 Lakshmisandra, 4 Dibbur (1 mile from Tumkur) and 5 Arakere (5 miles from Tumkur). Of these at Beramkall before evacuation 10 cases and 6 deaths occurred. The village, which consists of 56 houses and 305 people, is now completely evacuated, and though a few cases occur now and again among the villagers in the fields, the disease is expected to stop in a few days more.

At Chikhalli 2 cases occurred before evacuation. The village consisting of 69 houses and 272 people is now completely evacuated. Since evacuation no cases have occurred.

At Lakshmisandra, a village consisting of 17 houses and 98 people, the existence of plague was concealed by the patel, a Brahmin Jodidar, who is being prosecuted. The village was evacuated on 1st February and no cases have since occurred there.

At Dibbur, a village 1 mile from Tumkur with 79 houses and 330 people, a case of plague occurred on the 31st of January. The village was at once evacuated. Two fresh cases have occurred.

Arakere.—This village is situated at a distance of 1 mile from the infected village of Yellapur and 1½ miles from the infected village of Antarsanhalli. There have been 3 attacks with 3 deaths in the village. The patel sent intimation of the 1st attack at once to the Amildar, who proceeded to the spot on the 2nd with the Assistant Surgeon immediately after the report. The patel had segregated the patient who was found on examination to be suffering from plague. On the origin of the outbreak, the Amildar reports as follows:—One Sidrama of Arkeri village sold some 15 pallas of paddy to one Sidda of Antarasanhalli, an infected village near Tumkur. The latter had come to the house of the former some 15 days ago for the purpose of making this bargain. One or two days after this. Siddarama found a dead rat in the house and quickly vacated it witout informing any other person in the village. A few days after this, dead rats were found in the neighbouring houses, but their inmates did not take any warning. They evacated their houses after they saw the actual attacks which the patel reported to the Amildar. The Amildar reports that with the exception of three Brahmin houses, the whole village, which contains 51 houses with a population of 247, has been evacuated.

Out of 30 villages already infected, cases have occured in 8 villages and, that too on a very small scale. Of the remaining 22 villages, 4 villages have presented a clean bill of health during the last week and 18 villages during the last 2 weeks.

The Amildar of Tumkur reports that the disinfection of the village of Bhimasandra has been completed and that the villagers are now whitewashing their houses. * * *

Circular No. 6977-7068—P., dated Bombay Castle, 21st December 1898.

With reference to Government Resolution No. 6013—6105 P., dated the 1st November 1898, General Department (Plague), Government are aware that a large number of villages have now been vacated. The next step is to ensure that proper effect is given to clause (*g*) the separation of the sick from the healthy.

2. Officers on plague duty, when visiting a village, should first endeavour to make the people understand the meaning of what they enjoin and the reason for the separation of the sick and for prohibiting visits to infected families, houses and sites. Unless the people understand, their intelligent co-operation cannot be secured, and without their good will no effective organization is possible.

3. Next, the infected families should be completely separated from the rest of the population; and the sick person in an infected family should have a hut apart from that occupied by the as-yet-healthy members of his family. That is, the healthy should not be suffered to live in the same hut with the sick person. On any case occurring in a healthy family, the family should be immediately removed from the neighbourhood of other healthy families.

4. In the towns and larger villages, a proper organization can be established with means for treating the sick. But in all villages the danger of infection must be taught and guarded against or plague will linger on. Wherever cases are occurring in the fields, the Officer on plague duty should give his earnest attention to these points, and endeavour to get at and remove the cause of infection continuing.

5. Collectors will be held responsible for the efficient working of these instructions and that officers on plague duty understand what they have to do. His Excellency the Governor in Council feels confident that no efforts will be spared during this favorable season and coming hot weather to free the districts from the disease. As cases diminish, the establishment should be massed on the place remaining infected and the last cases should be sought for and segregated with ever-increasing vigilance.

A. WINGATE,
Ag. Chief Secy. to the Govt. of Bombay,
Gen. Dept. (Plague).

Extract from the Proceedings of the Government of Bombay in the General Department (Plague), No. 6013—6105 P., dated Bombay Castle, the 1st November 1898.

Resolution.

His Excellency the Governor in Council has watched with grave concern the recent increase in the number of villages attacked by plague, specially in the Southern Mahratta country. So long as the rains continued, Government recognise the extreme difficulty of doing anything to check the rising mortality and to prevent the disease spreading from village to village. Now, however, that the drier weather is approaching, His Excellency the Governor in Council desires to impress upon all officers that Government continue to attach the highest importance to the following measures:—

(*a*) Early and accurate information of the appearance of any suspicious cases of sickness and death.

(*b*) Prompt and complete evacuation of a village on the occurrence of the first well ascertained local cases or where mortality among rats is apparent.

N. B.—The people should receive sufficient notice and all their reasonable requests be met as far as possible.

(*c*) A sufficiently accurate census of the population of the infected village to prevent people leaving the village lands and entering other villages.

(*d*) Well-organized arrangements to prevent surreptitious access to the houses vacated and to permit access when necessary, under due precautions.

N. B.—When cases occur among the evacuated population, the reason may in almost every case be traced to surreptitious communication with the vacated village.

(*e*) Thorough and careful disinfection under responsible supervision of infected houses and clothing and admission of light and air.

N. B.— In small villages where the entire effects of the people can be exposed to the sun and the houses can be easily opened out to sun and air and two or three months can elapse before re-occupation is permitted, it may be left to the discretion of the Collector advised by medical opinion, whether disinfection is necessary. Unless disinfection is conducted by a trusted officer, it is no use.

(*f*) Maintenance of the prohibition that no one from a village which has been vacated must be allowed to take up his residence in another village, except with the written permission of the Plague Authority. This prohibition must be enforced by a Circle Inspector

or other authority (according to the extent of infection) systematically moving in the villages round the infected area. As soon as any population is pronounced to be healthy, the prohibition should be cancelled and the population be free to move about.

N. B—As a rule no passes should be given to leave an infected village till the population have been 10 days in the open. The Circle Inspector's work must be carefully supervised.

(*g*) The separation of the sick and infected families from the healthy.

N. B.—The healthy families should first be moved into the open. Then the sick with their families should be moved to a separate spot, for example, the opposite side of the village site.

2. For the effective supervision of these measures, the plague-infected area must be subdivided under responsible officers, Staff Corps officers being employed where necessary. These officers should enlist to the utmost possible extent Volunteer Agency to assist in carrying out the measures.

The measures are new to the people, particularly in fresh areas of infection, and if injudiciously or over zealously pressed, must defeat themselves by exciting opposition instead of gradually winning the co-operation of the people, or by scattering the people instead of inducing each village as soon as it is infected to settle down quietly on its own lands. His Excellency in Council trusts that every officer on plague duty will continue to make it his special aim to train his subordinates to work with sympathy and consideration. Complaints should be encouraged and where possible the objection should be removed. The importance of these considerations cannot be overrated.

3. To enable officers to afford necessary relief where measures in the case of the poor press too harshly, and so to convince the people that the measures are undertaken for their benefit, a sum of money for discretional relief as described in a separate Resolution of Government will be available. Collectors should from time to time apply to the Plague Commissioner for an allotment, but should, as far as possible, enlist private benevolence to assist.

4. The progress of evacuation should be particularly described in the weekly plague progress report.

Copy of Telegram, dated 11th February 1899.

From the First Assistant Resident in Mysore, Mercara—To the Dewan of Mysore, Bangalore.

"Camp No. 19, Madras Government, in their telegram, dated 10th instant, request Mysore Government to notify that in consequence of danger of plague, pilgrimage to Chamundiamman festival at Periankoppam in Vellore taluk, North Arcot district, has been prohibited from 11th to 17th instant, under Epidemic Diseases Act. Please comply."

Extract from the Supplemental Diary of the Additional Assistant Superintendent of Police, Bangalore district, for the week ending the 4th February 1899.

" * * * * *

I saw an old woman, Vakkaligar caste by name Nagamma, lingering in her shed. She was attended by another old woman named Gowramma. Nagamma was exposed to the sun and on my asking Gowramma to take her to the shed, she questioned me seriously: "are not air and sun, antidotes to this terrible disease?" She further told me that the patient's eyes were not red and that she complained of no head-ache. I mention this to show that our leaflets are understood even by old women in villages.

Nagamma's case was said to be one of remittent fever."

Extract from the District Plague Officer's Diary, Mysore district, dated 7th February 1899.

" * * * * * *

After advising the villagers in matters of sanitation, we next proceeded to the neighbouring village of Hencha, where a Sivachar woman, Lingamma, was reported to be sick. Her aunt had died the day before, yesterday and Lingamma also was ill. This roused suspicion and the villagers had without any prompting from the authorities removed Lingamma to a shed outside the village. She appears to be improving. No symptoms of plague. She answered our questions sensibly and her eyes and tongue were clear. Early segregation in the open air had probably done her good. No other sickness in village.

Register of deaths is kept properly. * * * * "

PAPERS IN CONNECTION WITH THE BUBONIC PLAGUE.

Proceedings of the Government of Mysore.

Read—

Letter No. 5281, dated the 29th December 1898, from the Plague Commissioner in Mysore, requesting that in view to encourage the rapid building of houses in Basavangudi and Malleswaram extensions of the Bangalore City, the Forest Department may be ordered to open two timber depôts, one at each of the extensions, and that the extension of the Hessarghatta Water-supply to the above places may also be ordered for the convenience of those that build houses there.

No. 4597-8—Ft. F. 14-98, dated Bangalore, 6th January 1899.

ORDER THEREON.—The Conservator of Forests is requested to be so good as to arrange for two timber depôts being opened, as quickly as possible, one at each of the Basavangudi and Mallesvaram extensions of the Bangalore City and report the fact for the information of Government.

2. A copy of the Plague Commissioner's letter read above will be forwarded to the Secretary to Government, D.P.W., for needful action as regards the extension of the Water-supply for the above two extensions.

Extract from the Diary of the Plague Officer, Kolar district, dated 7th January 1899.

* * * * *

I went out to Malur to-day to see how the people were getting on and what progress had been made in evacuating the village. The place wore quite a deserted look. Except a few houses here and there the whole village has been evacuated and the health of the population since living out in the fields has considerably improved. There has only been one attack and one death in the open. The fresh cases reported are of those in the village and every effort is being made to get those remaining to vacate their houses. They realize the desirability of doing so and as soon as they can get their jopadis up they will do so. Audigere in the Chintamani taluk, where two cases of plague occurred, has been wholly evacuated and there have been no fresh attacks since the 31st December.

Most satisfactory
(Intd.) H. H. S.

* * * * *

Extract from the Diary of the Amildar of Bangalore, dated 9th January 1899.

* * * * *

Went to Siddapur in the morning for inspection of the drinking water well constructed from the Local Funds, General. It is a big village consisting of 100 houses with a population of about 600. All the villagers are living in sheds excepting five families who were still residing in the village. Proper steps were taken for the complete evacuation of the village. About 200 people are inoculated here and there have been no deaths among them. The mortality from plague among the uninoculated is about 22, and 15 cases are reported to have been cured from Tanjore pills.

Thence went to Kodgudi visiting Luksandra *en route*. Both of these villages are completely evacuated excepting two families in the former. These were also sent out to-day.

Koramangala was next visited. It is an important village infected with plague. Deaths are being reported every day. There are about 150 houses of which 100 have been evacuated. The Kayemguttadar is taking steps for the complete evacuation of the village.

Returned to Bangalore at 12 noon.

* * * * *

Extract from the Diary of the Chief Plague Officer, Bangalore City, dated 11th January 1899.

* * * * *

I may add that the neighbours, although all Mahomedans rendered me every help in my enquiry and seemed rather pleased than otherwise, with the orders I issued regarding the removal of contacts, the disinfection of houses adjoining. This clearly shows they are now becoming alive to their own safety. In public support and a popular healthy opinion lies our chief strength and this appreciation of my efforts went a great way to sustain me in my despair on seeing again a case of plague in the midst of a thickly populated place in the heart of the town.

* * * * *

From the Deputy Commissioner, Bangalore District, to the Inspector General of Police in Mysore, No. 380, dated Bangalore, 24th December 1898.

Sir,

The town of Tyamagondlu in Nalamangala taluk having become infected with plague, the townspeople have shown great promptitude in evacuating their houses and are running up sheds in an adjoining maidan to live in. For the safety of their personal property, some of them being well-to-do people they have petitioned that a police staff of two Dafadars and 18 Constables with arms may be sanctioned at a cost of Rs. 150 per mensem as noted in the margin for a period of two months or more if found necessary and have advanced Rs. 150 which is half the above cost for two months praying that the other half may be kindly borne by the Government. This spirit on the part of the inhabitants is commendable and deserves encouragement. But as more force than what they are prepared to pay for seems unnecessary I have the honor to recommend that a Dafadar and 9 Constables may be sanctioned at the cost of the inhabitants of Tyamagondlu for the protection of the town.

	Rs.
1 Dafadar at Rs. 12 ...	12
9 Constables at Rs. 7 ...	63
Total ...	75

The Police Station already existing in the town has been ordered to be temporarily shifted to the place where the people are living in health camps.

From the Inspector General of Police in Mysore, to the Deputy Commissioner, Bangalore district, No. 235—38.

His No. 380, dated 24th December 1898, soliciting sanction to the entertainment of 1 Dafadar and 9 Constables at a cost of Rs. 75 per mensem for a period of two months or more for the protection of the town of Tyamagondlu which has become infected with plague, the cost of the same being borne by the townspeople who have advanced a sum of Rs. 150.

	Rs.
1 Dafadar at Rs. 12 ...	12
9 Constable at Rs. 7 ...	63
Total ...	75

Sanctioned, the pension and clothing charges should be recovered as usual.

Extract from the Diary of the Assistant Commissioner of the Closepet Division for the week ending 7th January 1899.

* * * *

8. In reply to a D.O. letter written to him on the 1st instant, the Amildar of Kankanhalli reports that only four villages are infected by plague in his taluk and they are: 1. Kagglipur, 2. Obichowdahalli, 3. Hudepalya, 4 Harohalli. In village No. 3 there were no cases of plague at all, but some rats were found dead. In the remaining villages, the cases are few and far between. The Amildar further reports that at Kagglipur out of 200 houses in the village, all the 200 are evacuated, out of 50 in Obichowdahalli 50 are evacuated at Hudepalya, the whole village consisting of 20 houses was evacuated, and at Harohalli 60 houses are evacuated out of five hundred, there being no deaths there for the last twenty days.

* *

11. The evacuation of the town of Channapatna was approaching completion. There was already a decline in the number of fresh attacks, the existing cases being those which have been lingering from some time. The virulent nature of the disease has now disappeared; there is every sign of the epidemic abating hereafter.

* * * *

Extract from the Diary of the District Plague Officer, Bangalore district, for 11th January 1899.

* * * *

I went through some of the fields (of Channapatna) and found that each caste or community have made little camps of their own and that they are well supplied in the way of bazaar.

On my return to the travellers' bungalow I saw several carts containing gosha Muhammadan women coming to be inoculated by Miss Ayachammal and I was told that the difficulty was to find sufficient carts to convey all those who wished to be inoculated to the dispensary * * * "

Extract from the Diary of the District Plague Officer, Bangalore district, for 10th January 1899.

" * * * *

There is a large community of Dairya Muhammadans and it is amongst them that the plague has played the most havoc.

It is interesting to note that many of those Muhammadans have been inoculated, some of them even for the 2nd time. The inoculations have been made by Miss Ayachammal, who is by the way here to-day, and who seems to be very popular indeed among the people, in fact as soon as she arrived to-day Muhammadans came and presented themselves for inoculation.

There are 2,700 houses in the town, and with the exception of about 120 houses in which there is sickness, all the houses have been vacated and for a radius of 3 miles round the town the country is studded with huts and camps. This reflects great credit on the Amildar Mr. Partasarti Iyengar, who, considering the nature of the people he has had to deal with, has succeeded in the matter very well, though it is unfortunate for the people that they did not listen to his advice earlier and leave the town at the very out-let which they refused to do owing to the bad advice given them by their moulies.

I went round some of the huts this evening and found that the people seemed contented and happy and were well provided with shops for obtaining provisions and liquor. The average death-rate from plague in the town is about ten though it has been up as high as 25, but I have every hope now that the pestilence will soon disappear. There have been some cases in the huts but these have been amongst people who left the town late and who were consequently infected when they left.

The Amildar is having the roofs of *all* the houses in the town taken off, whether infected or not, which is an excellent measure as the closely shut houses seem to generate bad gases. All infected houses have been disinfected, many of the Muhammadan house-holders having done it themselves with disinfectants provided to them, while one man bought about Rs. 40 worth which he distributed amongst his community for the purpose. * * * * "

Supplementary Statement showing in detail the places in the Mofussil where Plague Cases and Deaths were reported in daily returns during the week ending Friday, the 6th January, 1899.

S. A. Bapu Rao, *Dt. Forest Officer, Hassan Dt.*

Notice.

Tenders are invited for the supply of the marginally noted provisions required for use of the Government elephants in the Wynaad taluk.

Rice per 100 lbs.	Decannalli per lb.	Cocoanut oil per bottle.
Do flour do	Camphor do	Lamp oil do
Ragi do	Pepper do	Gunny bags, each.
Salt do	Garlic do	Empty kerosine oil tins, each
Gram do	Jaggory per 100 lumps (big).	

The supplies are to be delivered at Begur for the elephants in the Begur Range and at either Muthanga or Chedalth as the case may be for those in the Chedalth Range.

The contract will last from April 1st 1899 till March 31st 1900. Tenders must state the price at which tenderers are willing to supply the provisions; they must be in sealed covers superscribed "Tender for Elephant Provisions," and must reach the undersigned on or before March 15th. They will be opened on March 16th. Each tender must be accompanied by a deposit of Rs. 20 in currency notes. The successful tenderer will, before 25th March 1899, be required to deposit a sum of Rs. 200 in the Post Office Savings Bank and to enter into an agreement with the District Forest Officer binding himself to supply the provisions as required.

N. B.—The tenders for supplying the provisions in the Chedalth Range must state their prices in seers for articles which are marginally noted as being in lbs.

H. Tireman, *Dt. Forest Officer, North Malabar.*

TUMKUR DISTRICT.

Proceedings of the Members of the District Fund Board of the Tumkur district, dated Saturday the 3rd December 1898.

PRESENT.

Mr. M. Narain Rao, President.

Official Members.

Mr. D. Sitarama Rao, Executive Engineer.
Mr. A. R. Vythyanatha Sastriar, M. A., M. B., C. M., Assistant Surgeon.
Mr. C. Seshadri Iyengar, 1st Assistant Commissioner.
Mr. A. Subramanya Iyer, B. A., 2nd Assistant Commissioner.
Mr. T. N. Mir Kamaluddin Ali Khan, Treasury Assistant Commissioner.
Mr. Muhammad Raza, Amildar of Tumkur.

Non-Official Member.

Mr. Ramadasappa.

ABSENT.

Official Members.

Mr. C. N. Chandaiya, Amildar of Maddagiri.
Mr. T. Chokkanna, B. A., Amildar of Chiknayakanhalli.
Mr. A. Vedantadesigam Iyengar, Amildar of Sira.
Mr. P. Sitaramiah, Amildar of Gubbi.
Mr. M Ranganatha Rao, B. A., Amildar of Tiptur.
Mr. H. R. Srinivasa Rao, Amildar of Pavagada.

1. Read reports from the Amildars of the marginally noted taluks and from the Non-Official Members, Messrs. Srinivasathatachar and Abidulla Sahib, pleading their inability to attend the Local Fund meeting.

Gubbi.	Maddagiri.	Sira.
Tiptur.	Pavagada.	Kunigal.

Recorded and it was resolved that the next meeting of the District Fund Board be held on the 7th January at Sira, as Tumkur is infected with plague, for the purpose of discussing the Budget estimates for 1899-1900.

2. Read and recorded Government Proceedings No. 1794—L. F. 66-97, dated 5th August 1898, stating that local works should be provided for from District Funds and not from Local Funds General.

3. Read Government Proceedings No. 2347-8—L. F. 2-98, dated 19th August 1898, and Circular No. 9, dated 26th July 1898, from the Secretary to the Government of Mysore, Department of Public Works, calling for a list of all important bridges required to be provided within the next ten years from Local Funds General.

Resolved that the Executive Engineer and the Amildars, be called upon to prepare such list for discussion at the next meeting.

4. Proposal to continue the Nonavinkere, Vignasante cart-track to join the Nuggihalli road near Karehalli station in the Channarayapatna taluk, *vide* Subject No. 341 of the Dasara Proceedings of 1897.

Resolution.—The members present are of opinion that it will not be useful to continue the Vignasante cart-track, but desire that the Jamabandi Officer of the taluk should inspect and report upon the proposed continuation.

5. Construction of a bridge across the Kaggere-Kodihalla on the road between Kunigal and Amrutur.

Resolution.—This bridge is of little importance as there is not much traffic on the road. It will be entered in the list of bridges referred to in para 3 above.

6. Construction of a road or improvement of the existing cart-track between Gulur-Holakal and Honnudike. This cart-track is very useful and will open up the Honnudike hobli.

Resolved that an estimate be prepared for the work and that the same be brought up for discussion at the next meeting.

7. Read petition dated 27th August 1898, from the raiyats of Hagalvadi praying for a road to connect Hagalvadi with Bukkapatna.

Resolved that the construction of the road in question, which is costly, be deferred for the present.

8. Read petition dated 16th July 1898, from the inhabitants of Rangasamudra in the Pavagada taluk, praying for a musafirkhana at that village on the Pavagada-Challakere road.

Resolution.—The musafirkhana will be entered in the list of musafirkhanas to be constructed in the district when funds are available.

M. NARAIN RAO, *President.*

Notice, *December* 1898

The Depositors of the Mysore Government Savings Bank, Tumkur district, are hereby requested to send their Pass Books to the concerned Treasuries of the district for annual adjustment of interest for the year 1897-98.

T. N. MIR KAMALUDIN ALI KHAN,
Treasury Officer.

SHIMOGA DISTRICT.

Proceedings of the Local Fund Board Meeting convened on the 16th December 1898.

PRESENT.

Mr. H. V. Nanjundayya, M. A., M. L., President.

Official Members.

1. Mr. C. B. Seshagiri Rao, 1st Assistant Commissioner.
2. ,, M. Shama Rao, M. A., 2nd Assistant Commissioner.
3. ,, K. Krishnaiengar, Officiating Executive Engineer.
4. ,, T. S. Nanjappa, Civil Surgeon.
5. ,, G. Hanumantha Rao, Amildar of Shimoga.
6. ,, K. Subba Rao, do Shikarpur.
7. ,, R. Raghavendra Rao, do Sorab.
8. ,, C. Narayan Rao, do Tirthahalli.

Non-Official Members.

9. ,, T. Anantaramiengar, Channagiri.
10. ,, C. Gopalappa, Honnali.
11. ,, Hosabale Timmappa, Sorab.
12. ,, N. Venkatagiri Rao, Pleader and Inamdar Member.

ABSENT.

Official Members.

13. Mr. N. Narasimmiengar, Senior Asst. Comr. in charge of Sagar sub-division. (Otherwise engaged.)
14. ,, C. Krishna Rao, Amildar of Channagiri, (ill.)
15. ,, A. Viraraghavalu Naidu, do Honnali, (ill.)
16. ,, T. Ramachandra Rao, do Sagar.
17. ,, B. S. Ranoji Rao, do Nagar.

Non-Official Members.

18. ,, C. Chennabassappa, Shimoga.
19. ,, Aramanekoppa Ramappa, Nagar.
20. ,, Sanna Subba Rao, Tirthahalli.

1. Read and recorded the accounts of receipts and expenditure for June 1898.

2. Read and adopted the Annual Administration Report of District Funds for the year 1897-98.

3. Executive Engineer's docket No. 176 of the 1st November 1898, requesting an additional sum of Rs. 220 for the ten movable latrines required for 3rd class bungalows and musafirkhanas in the district.

Resolved that Rs. 220 may be granted for the preparation of these latrines in addition to Rs. 380 already granted.

4. Executive Engineer's docket No. 156 of the 11th October 1898, forwarding copy of Superintending Engineer's No. 3637 of the 7th October 1898, regarding the levy of tolls on certain roads requiring increased mileage allotments for their up-keep.

Resloved that Government be requested to sanction the levying of tolls at the five places mentioned in the resolution of this Board, dated 29th May 1895, *viz.*, Badadbail, Sampagod, Sunnadakoppa, Agasanahalli and Talaguppa.

5. Executive Engineer's docket No. 199 of the 15th December 1898, forwarding a revised appropriation statement amounting to Rs. 20,915, and requesting the submission of a supplemental budget for current year providing funds for very urgent incomplete works of last year mentioned in his statement.

Resolved that a supplemental budget for Rs. 20,915 be submitted to Government for sanction for pushing on towards completion of the works already begun.

6. Tirthahalli Amildar's report No. 355 of the 13th December 1898, requesting sanction for the preparation of three boats for the Tunga river at Tirthahalli.

Resolved that three boats may be procured at a cost of Rs. 360.

H. V. NANJUNDAYYA, *President.*

KADUR DISTRICT.

The 16th January 1899.

It is hereby notified that in satisfaction of arrears of land revenue due by jodidar Suryanarayanappa, defaulter, the undermentioned immovable property, which has been declared forfeited, will be sold by public auction at the Taluk Cutcherry, Chikmagalur, Kadur district, on the 27th February 1899. The sale will commence at 11 A. M., and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1897-98 is as shown in detail in the statement at foot.

3. Purchasers will be required to deposit twenty-five per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within fifteen days from the day of sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made nor the remaining purchase money paid up, the property shall be re-sold at the expense and risk of the first purchaser.

5. Persons bidding at the sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals; otherwise their bids may be rejected.

6. The sale shall be stayed if the defaulter, or any person acting on his behalf or claiming an interest in the property, tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession, and the property will be registered in the name of the purchaser, and a certificate of sale, signed and sealed by the Deputy Commissioner, will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided, parties deeming themselves aggrieved by the sale, shall be at liberty to appeal to the Deputy Commissioner within thirty days from the date of sale, and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional till the final order in such appeal.

SCHEDULE.

Description of property.									Amount of arrears due to Government, including notice fees, &c.

						Beriz— 82 10 4 Deduct jari ... 34 10 4 Jodi ... ... 48 0 0 Local cess ... 5 2 8				
						Boundaries— East—Basagal village Vamanamudre kallu. West—Doddaguddadavare Sarahaddu. South—Guddadavattu Vamanamudre kallu. North—Kelagana Sarahaddu.				

N.B.—The sale is free from all tenures, encumbrances, and rights created by the jodidars, &c., or any of their predecessors in title or in anywise subsisting against them.

F. E. C. CARR, *Dy. Comr.*

CHITALDRUG DISTRICT.

Proceedings of the District Fund Board Meeting held on Monday, the 26th day of December 1898.

M. S. Narayan Rao, Esq., President.

PRESENT.

Official Members.

Mr. Srinivasa Rao, 1st Assistant Commissioner.
Mr. Krishnamurthi Rao, 2nd Assistant Commissioner.
Mr. Hema Hanumantiah, Treasury Assistant Commissioner.
Mr. W. Srinivasaiengar, Assistant Surgeon.
Mr. G. R. Srinivasaiengar, Amildar of Challakere.
Mr. C. Narsinga Rao, Amildar of Hiriyur.
Mr. R. Mahadeva Rao, Amildar of Holalkere.
Mr. A. Krishnaswamaiengar, Amildar of Davangere.
Mr. N. Gopalkrishnaiengar, Amildar of Jagalur.
Mr. Krishnam Naidu, Amildar of Molakalmuru.

Non-Official Members.

Mr. P. Subbanna of Challakere.
Mr. Jodidar Seshachar of Holalkere.
Mr. Gurupadappa of Davangere.
Mr. Patel Sankappa of Jagalur.
Mr. Srinivasadasaru of Molakalmuru.

ABSENT.

Official Members.

Mr. K. Prahlada Rao, Executive Engineer.
Mr. M. S. Puttanna, Amildar of Chitaldrug.

Non-Official Members.

Mr. K. Rammanna of Chitaldrug.
Mr. Patel Kariyanna of Hiriyur.

Note.—Mr. Mahommed Obeidulla, Deputy Amildar of Harihar, and Mr. Srinivas Potnis, Deputy Amildar of Hosdurga, were also present.

1. Read report on the administration of the District Funds of this circle for the year 1897-98.

Resolved that the same be approved and submitted to Government.

2. Read Executive Engineer's docket No. 831, dated 8th December 1898, requesting to arrange for the mileage grant of Hiriyur-Hosdurga road being raised to Rs. 100, the present allotment of Rs. 40 per mile being too small to keep up the road in good order, owing to the heavy traffic passing over it almost daily.

Resolved that Government be asked to have the road metalled and thoroughly improved first. The Board will then allot the increased mileage required to maintain the road in good order.

3. Read Executive Engineer's docket No. 636, dated 14th September 1898, requesting to make provisions from District and Municipal Funds for the excess cost incurred on the construction of a bridge between Harihar and Mahajenahalli; and also Harihar Deputy Amildar's report No. 84, dated 1st October 1898, forwarding extract from the proceedings of the meeting of the Harihar Municipal Board stating their inability to bear the proportionate excess cost owing to the paucity of funds at the credit of the Board.

Resolved that the whole extra cost amounting to Rs. 408 be met from District Funds.

IV. Read Executive Engineer's docket No. 625, dated 9th September 1898, forwarding an estimate for furnishing utensils required for native kitchens in the 3rd class travellers' bungalows; and also Proceedings of Government No. 12475-510—L. F. 229-96, dated 4th April 1898, regarding the same, which had been deferred to this meeting.

Resolved that the subject be discussed at the next meeting when the Budget estimates for next year are brought up for consideration.

5. Read Executive Engineer's No. 794, dated 23rd November 1898, stating with reference to this office No. 205—107, dated 18th November 1898, that the following proposals contained therein may be discussed in the Board:—

(1) Separate kitchens for Europeans and for vegetarian Hindus.
(2) Stables.
(3) Some utensils for Hindus.

Resolved that the subject be discussed at the next meeting when the Budget estimates for next year are brought up for consideration.

J. CAMERON, *Superintendent.*

MYSORE GOVERNMENT STATIONERY DEPÔT.

Notice, dated 23rd January 1899.

Tenders are hereby invited for the supply of the undermentioned quantity of writing and printing papers required by the Mysore Government for the official year 1899-1900.

Each tender must specify the lowest rate per ream of each kind of paper at which the tenderer agrees to supply. The rates must include, baling, shipping and carriage and all other charges up to delivery at the railway station at Bangalore, whence the goods will be carted to Depôt at Government cost.

Tenders should be sealed and addressed to "The Superintendent of Stationery, Mysore Government, at Bangalore;" and despatched so as to reach him on or before the 20th February 1899, after which date no tenders will be received.

Tenders may be made for the whole or any part of the requirements.

Acceptance of the successful tender will be communicated as soon as possible.

The contractor will be required to forward the goods in quantities as they are indented for within a month from the date of receipt of the indent.

As soon as intimation of the acceptance of the tender is received, the contractor will at once arrange to supply the required quantity of papers and have them ready so that there may be no delay.

Each tender should be accompanied by 6 sheets of sample paper which the tenderer undertakes to supply. Name of the paper, weight of it per ream, and the name of the tenderer, should be mentioned on the sample.

Description and the approximate quantity of paper required for the year 1899-1900.

No.	Name of paper.	Approximate quantity.
	Superior writing papers.	
1	Machine-made foolscap 15 lbs., 480 sheets per ream, edges to be cut, folded and the first page of each to be impressed with the word "Government of Mysore" on the top in the centre	500 reams.
2	Machine-made foolscap 13 lbs. as above	500 reams.
3	Draft foolscap 10 lbs. as above	1,000 reams.
4	French foolscap 8 lbs. as above	1,600 reams.
5	Quarto post letter paper, 480 sheets per ream, edges to be cut and folded, 14″ × 9″, and the 1st page of each sheet to be impressed with the word "Government of Mysore" on the top in the centre..	30 reams.
6	Octavo note paper, 480 sheets per ream, edges to be cut and folded 7″ × 9″, and impressed as above	50 reams.
	Printing and Covers papers.	
7	White printing demy 18 lbs. 18″ × 22″, 500 sheets per ream edges, to be cut and folded	3,000 reams.
8	White printing double foolscap 24 lbs. 17″ × 27″; 500 sheets per ream; edges to be cut and folded	2,500 reams.
9	White printing single foolscap 16 lbs. 13½″ × 17″; 500 sheets per ream; edges to be cut and not folded	100 reams.
10	White printing single foolscap 9 lbs. 13½″ × 17″; 500 sheets per ream; edges to be cut and not folded	2,500 reams.
11	Brown cartridge 38 lbs., 480 sheets per ream, 22½″ × 29″ to be folded..	400 reams.
12	Badami royal double 31 lbs. 26″ × 40″; 500 sheets per ream ..	400 reams.
13	Badami demy 16 lbs. 18″ × 22″; 500 sheets per ream	4,000 reams.
14	Badami foolscap 16 lbs. 13½″ × 17″; 500 sheets per ream ..	100 reams.

The contractor should hold himself in readiness to comply with the first indent forwarded in March 1899.

Further details on application to the undersigned.

Circular letter No. 234, dated 10th January 1899, from the Superintendent of Mysore Government Stationery Depôt, to all the Heads of Departments and offices.

It is requested that annual Indents for Stationery and Printed forms required for the year 1899-1900 may be caused to be prepared correctly with due regard to the requirements of the year and forwarded to this office punctually on or before the 15th February 1899, as prescribed by Government. Casual requisitions for forms, needed as required, are often sent to Stationery Depôt which cause not only much inconvenience and delay in the despatch of other work, but entail loss to Government, when the forms have to be re-printed. The Indents should therefore provide fully for the requirements of the year.

2. Forms not sanctioned by Government should not be entered in the Indent. Sanctioned serial number of the form should invariably be given with precision and detail. Heads of Departments and offices are requested to scrutinize the Indents of their subordinate offices (both for Stationery and Printed forms) by comparing those of similar offices, with due regard to the requirements of each, countersign and forward Indents in duplicate to the undersigned on or before the due date, *viz.*, 15th February 1899.

T. T. LEONARD, *Supt. of Stationery.*

BANGALORE CITY MUNICIPALITY.

Notice, dated 6th January 1899.

In continuation of this office notice, dated 1st January 1899, the President of the Bangalore City Municipality hereby notifies to the public that the undermentioned Medical Officers are also authorized to grant certificates of deaths in pursuance of the Plague Commissioner's Notification No. 5230, dated 28th December 1898.

1. Medical Officer, No. I Sub-Ward, at his office in Subedar Chattram road.
2. Medical Officer, No. II Sub-Ward, at his office in the New Taraguet.
3. Civil Surgeon in charge of Government City Hospital, at his office in the City Hospital.
4. Civil Surgeon in charge of the Jail Hospital, at his office in the Central Jail.
5. Medical Officer, Lunatic and Leper Asylum, at his office in the Lunatic Asylum.
6. Medical Officer, St. Martha's Hospital, at his office in St. Martha's Hospital.

Notice, dated 17th January 1899.

In exercise of the powers conferred by Government under clauses 4 (i) and (v) of the additional City Regulations (Notification No. 2729—Mis. F. 21-96, dated 27th August 1898), the President of the City Municipal Commission, Bangalore, hereby authorises Miss Ayachammal, L. M. & S., Assistant Surgeon, to issue passes and observation notices. She is further authorised to grant certificates of exemption from disinfection in the case of passengers leaving the City by rail in accordance with Regulation V of Resident's Notification No. 155 P., dated 27th December 1898.

J. COOK,

Director of Meteo

PAPERS IN CONNECTION WITH THE BUBONIC PLAGUE.

NOTIFICATIONS.

No. 6092.—Under Regulation 3 of the Additional Regulations for the Cities of Bangalore and Mysore, published in Government Notification No. 2729—Mis. F. 21-96, dated 27th August 1898, the Plague Commissioner in Mysore hereby appoints the following road stations around Mysore to be Road Inspection Stations within the meaning of Regulations 2, 3 and 4 of the said Regulation—

1. Elwal Road at Padavarhalli Ukkad.
2. Balagola Road.
3. Seringapatam Road.
4. Mahadevapur Road.
5. Tirumakudlu-Narsipur Road at Allanahalli.
6. Nanjangud Roads —
   (1) near Madhuvana (2) near oil-mongers' street.
7. Chattanahalli Road at entrance of camp.
8. Kukerhalli Road, Sandalkoti.

The 21st January 1899.

No. 6093.—It is hereby notified for the information of the public that the Senior Surgeon and Sanitary Commissioner with the Government of Mysore has authorized 1st Class Hospital Assistant Mr. F. Chambers to inoculate and grant certificates of inoculation.

Extract from the supplement to the Diary of the Assistant Superintendent of Police, Tumkur district, dated 7th January 1899.

"A dead rat, which was pronounced to be plague-stricken by the State Bacteriologist, was found at Tiptur on the 2nd instant under the following circumstances :—

A constable of the Tumkur town, who has a house at Tiptur, was employed on plague duty. On the 28th of December, he went to Tiptur without leave with a bundle which contained some clothes and dal (thogari). The matter came to our knowledge on the 2nd and suspecting that the bundle might have contained some articles belonging to plague patients, I wired to the Amildar of Tiptur to disinfect the house of the constable and all the property contained in it. The Hospital Assistant, who carried on the disinfection work, found, when removing the tiles of the house, a dead rat which the Amildar sent on to Bangalore for bacteriological examination. The certificate of the Bacteriologist declaring the dead rat to contain the plague bacilli arrived on the 4th and I was directed by the Deputy Commissioner to proceed to the spot at once and to adopt the necessary preventive measures.

Went with the Assistant Surgeon and inspected the house in which the dead rat was found. The house was thoroughly disinfected. The Assistant Surgeon was of opinion that it was better for the safety of the town to evacuate the whole block of houses extending up to the Taluk Cutcherry. It contained 43 houses with a population of 243. Issued orders accordingly and attended personally to the evacuation of 20 houses which was effected the same day. Arranged for the examination of the inmates of these houses daily for ten days. * * * "

From the Superintendent, Government Gardens, Bangalore, to the Plague Commissioner in Mysore, No. 190, dated 20th January 1899.

Has the honor to enclose herein, in original, No. 468, dated the 19th instant, from the Bacteriologist to the Government of Mysore, from which it will be observed that there were plague microbes in the dead rabbit submitted from the Lal-Bagh for examination.

No. 468.

Results of Qualitative Bacteriological analysis of the following made on the 18th and 19th January 1899.

No.	Name of substance.	Whether plague microbes exist.	Whether cholera microbes exist.	Remarks.

Three fresh indigenous cases and 2 deaths Konakondlu, Tuesday 2 attacks and one death, Chowlur fields, Wednesday 2 attacks fields, and 1 contact attached plague camp, all indigenous; sepoys disinfecting Poliki to-day, 3 imported fatal cases from Konakondlu died about 6th at Jallipalli 1 fresh fatal case Kotala, 8th.
Do ..	Collector of Anantapur, Hindupur..	Eighth 1 attack Chowlur fields, 9th 1 attack, 1 death, Hindupur town all indigenous, 9th 1 imported death Kodegapalli fields.
13—1—99 ..	Plague Deputy Collector, Guntakal..	Konakondlu fields 1 11th, another 12th, 1 fatal to-day, Thursday, Hindupur fields 2 attacks, 1 death, Hindupur town 2 attacks, 1 death, Chowlur 2 deaths all indigenous, 1 suspicious death Gooty, 11th 1 death Karur.

V. P. MADHAVA RAO, *Plague Comr. in Mysore.*

Telegram No. 79, dated Calcutta, the 9th January 1899.

From His Excellency the Viceroy, to Her Majesty's Secretary of State for India, London.

Following plague seizures and deaths reported from places outside Bombay Presidency since 2nd January 1899 :—

Madras Presidency districts—

Anantapur—30 seizures, 25 deaths.
Bellary—5 seizures, 5 deaths.
Salem—29 seizures, 28 deaths.
North Arcot—5 seizures, 5 deaths.
Chinglepat—2 seizures, 1 death.
Kurnool—5 seizures, 5 deaths.

Hyderabad State—

Naldrug district—19 seizures, 14 deaths.
Lingsagar district—200 seizures, 156 deaths.
Gulburga district—5 seizures, 5 deaths.

Central Provinces—

Wardha district—19 seizures, 11 deaths.
Jubbulpore—1 imported seizure.
Calcutta—1 suspected case already reported.

No plague reported elsewhere.

LOCAL AND PROVINCIAL DEPARTMENT.

Notification. No. 3, Fort St. George, January 3, 1899.

In modification of Notification No. 932, published in the *Fort St. George Gazette*, dated 15th November 1898, Part I-A, page 320, the following areas in India are declared to be infected with plague :—

(1) The whole of the Bombay Presidency including Sindh.
(2) Naldrug and Lingasagar districts in the Hyderabad State.
(3) Mysore Province and the Railway Stations of Godupalli, Kuppam, Mulanur and Patchur on the Bangalore Branch of the Madras Railway.
(4) Alur taluk, Bellary district.
(5) Anantapur district.
(6) Hosur taluk, Salem district.

(Sd.) H. TREMENHEERE,
Secretary to Govt.

Extract from the Proceedings of the Government of Bombay in the General Department (Plague), No. 6350—6455-P., dated Bombay Castle, the 21st November 1898.

READ—

Extract from a report by Khan Saheb Fazl Ahmed accompanying Political Agent, Kathiwar's No. 1082, dated the 8th October 1898 :—

"His expectoration contains blood which in similar cases at Karachi was found, under microscope, to be full of bacilli. This variety of plague I have found the most contagious. I have seen five persons attacked, one after the other, by attending on a typical case of plague-pneumonia. These cases generally die within 48 hours. The case alluded to also ended fatally. Memon Hospital is not a place suited at all for the treatment of such cases. There all the patients are placed in a number of large rooms side by side, a circumstance highly prejudicial in pneumonic cases especially. Fortunately a little room was available at the time and the patient was accommodated therein. The attendants were instructed not to sit facing the mouth of the patient, and a spittoon containing mercury lotion was provided for receiving expectoration."

Letter to the Municipal Commissioner for the City of Bombay, No. 5962-P., dated the 21st October 1898 :—

"I venture to send for your information an extract from a report by Khan Saheb Fazl Ahmed, who has done very good service indeed. I do so because you kindly let me see Dr. Gibson's report on the Mahratta Hospital, where somewhat similar advice is given. It may be worth while to consult your medical advisers whether the pneumonic type should not be treated in separate wards with much greater air space and whether such cases should be left in houses."

Memorandum from the Municipal Commissioner of the City of Bombay, No. P.—815, dated the 28th October 1898 :—

Forwards copy of the following letter from Lieutenant-Colonel J. S. Wilkins, I. M. S., Special Medical Officer for Plague Operations, dated the 26th idem :—

"With reference to letter No. 5962-P. of 1898, from the Honorable Mr. A. Wingate, I beg to state that orders have already been issued by me to the hospitals that all pneumonic plague cases are to be isolated, and I have pointed out the danger of treating these cases in general wards. I am strongly of opinion that no pneumonic cases should be treated in private houses, unless, in the opinion of the Medical Officer of the district, the room occupied by the case is suited for a complete isolation of such case, and that proper control over the number of attendants could be had ;"

and adds that circular orders in the direction indicated by the Special Medical Officer are being issued to District Officers.

RESOLUTION.—Recorded.

Extract from the Diary of the District Plague Officer, Tumkur district, from the 8th up to the 20th January 1899.

* * * * * *

"Sunday the 15th, convened a meeting of the inhabitants of the Kunigal town. Discussed the plague measures with them and warned them of the danger they would be incurring by the relaxation of their vigilance, and advised them to act with unanimity in warding off the disease. They then held a meeting of their own, raised subscriptions for the maintenance of the outposts and entered into a compact with each other not to admit into their houses any person from an infected area though he might be their nearest relative, and bound themselves to pay a fine of Rs. 20 to the Panchyet in case of any infringement. They appointed their own men to inspect houses daily and to report new arrivals to the Panchayet. A system of house-to-house inspection was thus introduced, and it depends upon the Amildar to make it a success."

Extract from the Diary of the District Plague Officer, Tumkur district, dated 19th January 1899.

(1) "*Kaiser Madoo.*—This is a large village inhabited chiefly by respectable Mahomedans of the priestly class. Its population is 485. Found that the village was completely evacuated. The families of Mahomedan priests were living in thatched sheds run up for the occasion in open fields. They appeared to have accommodated themselves to these altered circumstances. There were in all 25 attacks in the village with 19 deaths. At the time of inspection 6 patients were under treatment, and they were progressing satisfactorily. There have not been any attacks since the 16th.

(2) *Bairsandra.*—This is a large village with a population of 451. There were 20 attacks and 17 deaths in the village. The village suffered most as immediate information of the outbreak was not sent to the authorities. The patel himself was the first to be attacked. The infection was brought, it appears, by the patel's brother from the Nelamangala taluk. The village was evacuated on the 18th of December 1898 immediately after the receipt of the information, but a week after the occurrence of the first case. No case has occurred since the 9th January 1899.

(3) *Bagdenhalli.* * * * *

About a month ago one Kempayya and his servant Mudlingayya, who were living in a highly infected locality at Tumkur, went to Bagdenhalli to the house of Haliah, brother of Mudlingayya. They had not stopped there long when they were ejected out of the village by the inhabitants. They went then to Sigihalli in the Gubbi taluk, were attacked there and died. In the meantime, Haliah vacated his house as a precautionary measure and lived in another house. Up to the 5th instant there was no sickness in his family, and thinking that there was no danger in occupying his old house he removed his family to that house. On the 6th, his son aged 4 years died suddenly, and it was stated to the patel that he died of ulcers. On the 10th Haliah and another member of his family were attacked, and they died on the 12th. They were found on examination to have died of plague. The infection must have been left in the house by the Tumkur people who died subsequently of plague.

(4) *Tumkur town.*—During the current week, there were 13 attacks and 10 deaths as against 21 attacks and 8 deaths of the last week. There has been a gradual decrease since the 20th December last. There were no fresh attacks on the 19th (Thursday) and 20th (Friday) and 21st (Saturday) also."

V. P. MADHAVA RAO,
Plague Comr. in Mysore.

THE

MYSORE GAZETTE.

Vol. XXXIV.] Published by Authority. [No. 5.

BANGALORE, THURSDAY, FEBRUARY 2, 1899.

PART II.

NOTIFICATIONS BY GOVT. OF INDIA, RESIDENT, CHIEF COURT, &c.

JUDICIAL DEPARTMENT.

IN THE CHIEF COURT OF MYSORE AT BANGALORE.

THE

MYSORE GAZETTE.

Vol. XXXIV.] Published by Authority. [No. 10.

BANGALORE, THURSDAY, MARCH 9, 1899.

PART II.

NOTIFICATIONS BY GOVT. OF INDIA, RESIDENT, CHIEF COURT, &c.

JUDICIAL DEPARTMENT.

IN THE CHIEF COURT OF MYSORE AT BANGALORE.

Notification, dated 4th March 1899.

It is hereby notified that the dates fixed for holding the Sessions for the Shimoga and Chitaldrug districts during the months of April and May 1899, as published on page 45, Part II of the *Mysore Gazette*, dated 12th January 1899, are altered as shown below:—

District.	*From*	*To*
Shimoga	.. Monday, the 24th April 1899	.. Saturday, the 1st April 1899.
Chitaldrug	.. Monday, the 15th May 1899	.. Thursday, the 25th May 1899.

Civil Side.

Rule of Practice No. 97, *dated 20th February* 1899.

The Chief Court directs that the following headings be substituted for those now in existence in the form of Quarterly Civil Statements prescribed by Rule of Practice No. 5, dated 3rd June 1878.

Civil Quarterly Statement No. I.
Column 22. "Over 6 months."
Do 23. "Remarks and explanation of delay in all original cases pending over 6 months and small cause cases pending over 2 months."

Civil Quarterly Statement No. III.
Column 15. "For more than 2 months."
Do 26. "Remarks and explanation where cases have been pending more than 2 months."

Civil Quarterly Statement No. IV.
Column 2, last line. "Of these, pending over 2 months."
Do 16 do "Remarks and explanation where cases have been pending over 2 months."

Civil Quarterly Statement No. V.
Column 10. "For more than 6 months."
Do 13. "Remarks and explanation where cases have been pending for more than six months."

Civil Side.

Rule of Practice No. 98, *dated* 22*nd February* 1899.

The following form of monthly statement of Civil cases filed and disposed of is *substituted for the one prescribed by Circular letter No. 104, dated 2nd September 1891 and subsequently modified by Circular letters Nos. 121 and 122, dated 10th December 1895 and 9th January 1896, respectively, as also by Rule of Practice No. 96, dated 23rd November 1898.

*(*Vide* revised form appended.)

Statement of Civil cases filed and disposed of during the month of..... 189 .

Class and locality of Court and name of Presiding Judge.	Cases of the kind shown in quarterly statements.	Number pending from last month.	Number filed during the month.	Total.	Number disposed of.	Number pending.	Number of Regular suits (including these remanded and refiled) and appeals pending over 6 months.	Number of Small Causes, miscellaneous and execution cases pending over 2 months.	Remarks.
1	2	3	4	5	6	7	8	9	10
	No. 1 (Original) .. Do (Small Causes) .. No. 3 (Execution) .. No. 4 (Miscellaneous) .. No. 5 (Appeals) ..								

By Order,
V. A. RAJARATNA MUDALIAR,
Registrar.

H. H. SPARKES, *Dt. Magistrate.*

CHITALDRUG DISTRICT.

Proceedings of the Meeting of the District Fund Board, Chitaldrug District, held on the 6th day of February 1899.

PRESENT.

M. S. Narayan Rao, Esq, President.

Official Members.

1. Mr. Krishna Rao, 2nd General Assistant Commissioner.
2. Mr. Hema Hanumantiah, Treasury Assistant Commissioner.
3. Mr. Srinivasiengar, Amildar of Challakere.
4. Mr. Narsinga Rao, Amildar of Hiriyur.
5. Mr. Gopalkrishnaiengar, Amildar of Jagalur.
6. Mr. C. Krishnam Naidu, Amildar of Molakalmuru.

Non-Official Members.

1. Mr. K. Ramanna of Chitaldrug.
2. Mr. P. Subbanna of Challakere.
3. Mr. Sankappa of Jagalur.
4. Mr. Srinivasadasaru of Molakalmuru.

ABSENT.

Official Members.

1. Mr. K. Prahlada Rao, Executive Engineer.
2. Mr. K. Srinivasa Rao, 1st General Assistant Commissioner.
3. Mr. W. Srinivasaiengar, Assistant Surgeon.
4. Mr. M. S. Puttanna, Amildar of Chitaldrug.
5. Mr. Mahadeva Rao, Amildar of Holalkere.
6. Mr. Krishnaswamaiengar, Amildar of Davangere.

Non-Official Members.

1. Mr. Kariyanna of Hiriyur.
2. Mr. Seshachar of Holalkere.
3. Mr. Gurupadappa of Davangere.

NOTE.— Mr. Narasimha Srinivas Potnis, Deputy Amildar of Hosdurga, was also present.

I. Read budget estimates of receipts and expenditure of the District Funds of this circle for 1899-1900.

Resolved that the same be approved and submitted to Government for sanction.

II. Read Proceedings of Government No. 8839-40—L. F. 171-93, dated 28th January 1899, stating that the copy of letter No. 532—508, dated 4th January 1899, from this office, regarding the metalling of Hiriyur-Hosdurga road from Provincial Funds and the increase of its mileage allotment, is forwarded to the Secretary, Public Works Department, for favor of disposal.

Resolved that the same be recorded.

III. Read Official Memorandum No. 3400—L. F. 37-97, dated 10th September 1898, requesting to place the subject of opening a road from Davangere to Anekonda before the District Fund Board and to submit a copy of their resolution (*vide* Subject No. 270 of the Dasara Representative Assembly for 1897).

Resolved that the President be requested to sanction an estimate for a road from the Anaji road which passes near the village to the village proper, the distance being about 2 furlongs.

IV. Read docket No. 7875-82—L. F. 34-98, dated 6th January 1899, from the Secretary to the Government of Mysore, requesting to state whether the annual reports of the Local Fund Boards can be printed locally or under arrangements to be made by the Boards and the requisite number of copies furnished to the Government office and stating that if this can be done the delay now caused in getting the reports printed at the Government Press will be avoided.

Resolved that the Board would prefer the present arrangement to continue.

V. Read Executive Engineer's docket No. 63, dated 24th January 1899, stating his inability to attend the District Fund meeting as he has to be moving with the Superintending Engineer in the district.

Resolved that the same be recorded.

VI. Read Executive Engineer's docket No. 47, dated 19th January 1899, stating his inability to attend the three consecutive meetings noted in the margin as he was engaged on out-door works out of head-quarters on those dates.

25th June 1898.
15th August 1898.
26th December 1898.

Resolved that the same be forwarded to Government.

VII. Read Executive Engineer's docket No 80, dated 30th January 1899, forwarding a draft budget for the works to be undertaken by the Public Works Department during 1899-1900.

Resolved that a copy of the budget for next year, as passed by the Board, be forwarded to the Executive Engineer. That disposes of all the items mentioned by the Executive Engineer.

VIII. Read also Executive Engineer's docket without number and date, requesting that an additional amount of Rs 500 for the Hiriyur-Hosdurga road for the current year may be made, funds now allotted being insufficient to maintain this road even in passable order, and that an additional grant of Rs. 200 may also be given for the current year for the repairs of some of the 3rd class travellers' bungalows, the grant now allotted being found insufficient.

Resolved that the amount wanted may be provided for by re-appropriation from other heads, the sanction of Government being obtained therefor.

IX. Read Executive Engineer's docket No. 625, dated 9th September 1898, regarding the provision of vessels to the 3rd class travellers' bungalows, for the use of travellers making use of native kitchens.

Resolved that a sum of Rs. 250 be provided for this purpose during 1899-1900, the more urgent requirements being met first.

X. Read Memorandum by the Assistant Commissioner regarding improvements to the Jogimatti bungalow, the following being the points touched :—

1. Separate kitchens for Europeans and vegetarian Hindus.
2. Stables.
3. Utensils.

Resolved that the Executive Engineer be requested to send up estimates for kitchen and stables and the question of utensils will be considered in the order of urgency of the several 3rd class travellers' bungalows.

M. S. NARAYAN RAO, *President.*

CHITALDRUG DIVISION.

Notice, dated 17th February 1899.

It is hereby notified that a sum of Rs. 6-13-5 is outstanding in the accounts of this office in favor of Ramaswami Mudaliar, contractor of Holalkere Taluk Cutcherry. If the party himself or his legal heir do not claim the amount within three months from this date, the amount will be credited to Government and no claims will be entertained after that date.

K. PRAHLADA RAO,
Executive Engineer.

PAPERS IN CONNECTION WITH THE BUBONIC PLAGUE.

Notification, dated 17th February 1899.

It is hereby notified for the information of the public that the Senior Surgeon and Sanitary Commissioner with the Government of Mysore has authorized Sub-Assistant Surgeon Mr. G. David of Seringapatam to inoculate and to grant certificates of inoculation.

Dated 2nd March 1899.

It is hereby notified for the information of the public that the Senior Surgeon and Sanitary Commissioner with the Government of Mysore has authorized M. Perumal Naidu, 1st Class Hospital Assistant at Channapatna, to inoculate and grant certificates of inoculation within his jurisdiction.

Extract from the Diary of the District Plague Officer, Bangalore, for week ending 24th February 1899.

* * * * * *

Closepet still presents the same deserted appearance. Since my last visit, some 3 or 4 weeks ago, there have only been 3 deaths, which clearly shows the advantage of early evacuation. This town with its population of over 6,000 persons was evacuated in 2 days, and only some 20 deaths occurred. In other much smaller towns in which the evacuation was not carried out with such promptitude, and in which the people showed a disinclination to move, the death rate ran well into the hundreds, *vide* Dommasandra, Sarjapur, Yelahanka and many others. In towns of the same and a slightly larger size the death rate was very high, *vide* Channapatna, only 7 miles distant, where over 700 people died, and Anekal and others. If these people had moved out with the same rapidity as the Closepet people did, many lives would surely have been saved. The death rate from plague in Closepet has been smaller than that of many a little village.

This is a very striking example of the benefits of prompt evacuation, and is worthy of the consideration of the Plague Commissioner.

* * * * *

Extract from the Kolar District Deputy Commissioner's memo dated nil.

* * * * * *

From the information I could gather from the different officers including Mr. Lavelle, there appears to be no scare amongst the coolies although many appear to have left the Mysore Mine, which is working very short-handed; the Champion Reefs Mine has also lost a good many coolies.

Dr. Krishnaswami Iyer informed me that he did not consider that plague had got a strong hold upon the fields and that with the present staff he was in hopes of stamping it out.

* * * * * *

WEEKLY REPORT OF PLAGUE IN THE MYSORE STATE, EXCLUDING THE CIVIL AND MILITARY STATION, FOR THE WEEK ENDING 24TH FEBRUARY 1899.

Bangalore City.

I. The following are the figures in the City up to date :—

	Plague cases.	Plague deaths.	Deaths from all causes.	Normal recorded mortality in the same period.
From 12th August 1898 to 27th January 1899 ..	3,318	2,641	6,944	585
Week ending 3rd February 1899	6	7	39	27
Week ending 10th February 1899	5	2	35	32
Week ending 17th February 1899	1	1	27	32
Week ending 24th February 1899	1	Nil	31	32

The gradual decrease of the disease, noticed in the previous weeks, was well maintained during the week under report, and there were neither attacks nor deaths during 6 out of the 7 days of the week, although arrivals in the City were 1,852 as against 1,590 during the previous week.

II. The figures for the Health and Segregation Camps were as follows :—

	Remaining.	Admitted.	Discharged.	Developed plague.	Remaining.
Health Camps ..	374	60	122	..	312
Segregation Camp ..	7	..	7	..	..

It is noteworthy that in the Segregation Camp there were no contacts at the end of the week.

III. During the week there were 559 first inoculations and no second inoculations, bringing the totals to 31,158 and 1,356, respectively. One inoculated person was attacked with plague during the week. The total number of such persons attacked since the outbreak is 231, of which the number verified is 156.

IV. The Hospital figures were as follows :—

	Remaining.	Admitted.	Discharged.	Died.	Remaining.
For the week	2	1	1	..	2
Since commencement		2,095	740	1,353	2
Inoculates		105	64	40	1

V. During the week, 305 houses were disinfected as against 340 during the previous week, of which 67 were infected houses and the rest deserted ones.

VI. During the week permission was given to reoccupy 197 houses; no charge was levied for disinfecting 38 houses; 6 were disinfected by the owners themselves and the charges collected for the remaining 153 amounted to Rs. 253.

VII. The cost of works carried out during the week in the Malleswaram and Basawanagudi extensions in the north and south of the City was Rs. 2,037, bringing the total amount spent up to date to Rs. 20,711

VIII. During the week under report, 822 persons or a daily average of 117·43 were disinfected with their effects at the City Railway Station.

Mysore State, outside Bangalore.

IX. The accompanying weekly returns shows the state of the epidemic in the Province.

The districts of Shimoga, Hassan, Chitaldrug and Kadur continued free, while in each of the remaining four districts of Bangalore, Kolar, Tumkur, and Mysore the decrease in the disease was maintained.

In the Bangalore district the number of cases decreased from 135 to 115, and with the exception of Closepet and Hoskote, where there was a slight increase, and of Channapatna where there was the marked increase of 16, there was a decrease in all the taluks of this district.

The number of infected villages decreased from 55 in the past week to 53 during the present week. Fresh cases were reported from 41 as against 32 villages in the past week. Of these, 14 were newly infected villages, almost all of which are reported to have been promptly evacuated.

In the Kolar district excluding, the Gold Fields, there was a decrease, while in the Gold Fields there was an increase of 2 cases.* The number of infected villages in the Kolar district, except Gold Fields, however increased from 17 in the previous week to 20 in the present week, while in the Gold Fields the number was the same, *viz.*, 10.

In the Tumkur town there was only 1 case, while in the district there was a decrease in the number of cases and deaths and also in the number of infected villages. The epidemic was confined to the Taluk of Tumkur during the week.

In the Mysore district exclusive of the City, there was considerable decrease in the number of plague cases and deaths though the number of villages infected was 12 as against 9. Five of these villages were evacuated.

X. In the Mysore City, the figures were as follows :—

	Plague cases.	Plague deaths.	Total mortality.
Week ending 3rd Feb. 1899.. ..	291	220	288
„ 10th Feb. „	285	231	283
„ 17th Feb. „	282	249	300
„ 24th Feb. „	264	204	255

There was an appreciable decrease in the number of plague attacks and deaths and also in the total mortality during the week, and it may therefore fairly be hoped that the decline of the epidemic in the City has actually commenced.

During the month of February Regulations were passed (1) for the more efficient working of the Supervision system (2) for the disinfection of passengers leaving the Mysore City (3) and for extending the powers conferred by Regulation 6 A, Durbar's Notification No. 723 of 23rd December 98, to towns and villages other than the Cities of Bangalore and Mysore, by which the work of Deputy Commissioners in demolishing insanitary and infected houses will be greatly facilitated.

Extract from the Diary of the District Plague Officer, Tumkur, for the week ending 17th February 1899.

* * * * * *

Plague in the town of Tumkur.—During the week under report there was only one attack as against 3 attacks and 3 deaths in the last week. This attack took place on the 15th after an interval of about 10 days. The patient is an inoculated person. He had a slight wound on one of his feet which seems to have brought on the attack. A constable of the District Reserve, who was living in a shed outside the town and who was in the habit of walking bare-footed, received a cut on one of his feet and contracted plague soon after, which proved fatal in course of 2 days. Another constable of the Special Reserve who was twice inoculated died under similar circumstances. People do not seem to be sufficiently aware of the danger of walking bare-footed in an infected area and should be warned to be more careful especially when they have got a wound or any other opening in their feet.

* * * * * *

Memo of the Special Plague Officer, Kolar Gold Fields, dated 4th March 1899.

I am glad to report that there have been no further attacks in the Coromandal lines these two days. Similarly the Mysore Mine Property is also free.

I spent the morning and evening inoculating arrivals and other coolies.

There were 4 cases to-day—*one* in Balaghat station premises, *one* in Ooregaum Mines, one in Steven's camp, *one* in Champion.

15 houses of Marikuppam have been valued preparatory to demolition.

Ooregaum village.—20 houses have been evacuated. Eight sheds have been demolished. 370 tenements have been ventilated. Five houses that have been condemned will be demolished in the course of a few days.

25 private huts have been erected by Mahomedans, who will remove themselves into them in a day or two.

20 tenements in Steven's lines have been condemned and will be pulled down in the course of the next week. All the buildings in this locality have been ventilated to my satisfaction.

* The figures shown in return regarding Gold Fields comprised 7 days' figures received in the present week, as against those of 5 days in the previous week.

Extract from the Diary of the Assistant Superintendent of Police, Chitaldrug district, for the week ending 25th February 1899.

* * * * *

Inspected the road frontier station at Hottiganhalli. Found the constable and the Begars present. The observation notice book maintained at the station was well kept.

Examined the registers kept by the patel of Kurlhalli and found them satisfactory. The patel is an intelligent and literate man. He knows the nature of plague and the measures to be adopted for combating it. It is gratifying to know from the patel that the villagers this side are quite prepared to evacuate their villages if the disease makes its appearance in their midst.

23rd February.—The town of Adadi is very well kept. The patel is conversant with the instructions contained in the leaflets issued by the Plague Commissioner and has maintained the register of arrivals from infected parts.

The Patel of Simonahalli also is an intelligent man and has kept all the prescribed registers. The register of arrivals from infected parts is, as at Hadadi, a printed one. I am informed that the Amildar got the registers printed at Davangere and supplied to all the patels and police stations. The interest the Amildar is taking in plague matters is commendable.

* * * * *

Extract from the Notes of Inspection of the Kolar Deputy Commissioner, dated 23rd February 1899.

* * * * * *

I then came into Chintamani, inspecting the villages on the road-side and explaining matters to the villager, who all without exception recognised the necessity of at once evacuating their villages on the first appearance of plague. Chintamani, without exception, is the most congested town. I have seen the streets which are generally narrow, and on viewing the town from the house tops I found all the backyards built over with the exception of a small space here and there, which was choked up with rubbish. On conferring with the principal townspeople I pointed out to them the danger they run and they agreed to open out conservancy lanes at the expense of some of the buildings and to open windows, &c., in their houses for the admission of light and air; these measures, I am glad to say, are now being carried out as found on my recent visit to the place a few days ago. * *

From Nandi I went to Sidlaghatta, which I found wonderfully clean and neat with new whitewash; the Amildar, although newly appointed, has done wonders in cleaning up the town and getting his orders carried out and deserves the greatest credit for the pains he has taken; his villages which I inspected on the road to Chintamani were also in the same good order as also, those at the far end of his taluk, Motamakalpalli, where I encamped for some time finishing the jamabandi. The village of Chelur and surrounding villages which I inspected in the Bagepalli taluk were also neat and clean and all manure removed. On my return to Chintamani, I inspected the Hundigiri village which had been evacuated on account of plague. This was a very good sample of what evacuation can do in the way of stopping plague. Within 3 days of the first death, the whole village was evacuated, since when there were only 2 deaths of people who had probably caught it before leaving; the village has been clear of plague now for more than a month, but the villagers have no wish to re-occupy their houses yet. In the meantime, I ordered the roofs of the infected houses to be removed and holes knocked in the walls of other houses for the admission of light and air * * Throughout my tour I have found generally that the Amildars do not enact work from the shekdar; there is no doubt that they are in many cases incompetent, but I think that if the Amildars hold them responsible for their hoblis they would get better work out of them than at present. I have accordingly issued orders to Amildars to direct the shekdars to get the villages of their hoblis cleaned up and hold them responsible generally, and that should the Amildars, on inspection, find the shekdars incompetent and lazy to report them immediately.

Extract from the Kolar Plague Officer's Diary for week ending Friday, 3rd March 1899.

* * * * *

Saturday, 25th February 1899.

Checked and initialled the "register of arrivals from infected areas" kept by the Patels of Iglur, Kudyanur and Mylandhalli, and also the mortuary returns for December, January and February. At Iglur there was I one death, carbuncle, in December and no deaths in January and February. There were no deaths in Kudyanur. At Mylandhalli there was one death from plague on 17th February 1899 imported from Gongur, Hoskote taluk.

* * * * *

Friday 3rd March 1899.

* * * * *

I received information at about 7-30 last night that a Muhammadan named Hyder Sab, had come into town the day previous from Bowringpet (where he was living and was in the habit of visiting the Gold Fields) to the house of his father a nalband, named Karim Sab, and that he was suffering with fever. I immediately communicated with the Assistant Surgeon and went down to the spot with him. The Doctor examined Hydar Sab and found his temperature to be 102°. As the case was a suspicious one, the man and two women who were in contact with him, were removed to an isolated mantap not far from the Muhammadan segregation shed, and a cordon placed round the house, which was thoroughly disinfected this morning under the supervision of the Medical Officer. The adjoining house was evacuated. As this house and Karim's formed a square by themselves, and there being sufficient open space all round, the Medical Officer did not deem it necessary to order the evacuation of Karim's house, the inmates of which are under observation, a cordon around it being sufficient. Malur and Chintamani again send in a clear bill for the week.

* * * *

The Memo of Dr. E. S. Krishnaswami Iyer, dated 24th February 1899.

Administrative arrangements.—The whole of the Gold Field, mining properties included, have been divided into 2 divisions, North and South, under Mr. Sewell and Mr. Selvey. All the mining properties and all the villages North of and including Ooregum will form North Division under Mr. Sewell; the rest will form the South under Mr. Selvey. Each of these Assistant Plague Officers will have a Supervisor and two Inspectors in the employ of the Mining Board and a similar staff in the employ of Government placed under him. The Assistant Plague Officer will see every case of sickness and death as soon as it is reported and take the necessary measures. The Assistant Plague Officer will also be in charge of the sanitation of the mining properties—the surrounding villages. Pucca arrangements have been made for the conservancy of the Ooregum village, Sorkapalli, Muskam, Steven's Block and Krishnagiri lines. A number of scavengers and carts have been entertained for these places to supplement the already existing ones——During the past few days all the private huts in the Mysore Mine and Champion Reefs have been improved and ventilated to our satisfaction. We intend improving the ventilation of all the buildings in the Gold Fields area—Marikuppam Bazaars have been completely evacuated, and all but a few of the shops have been unroofed. As there is no infection at Steven's Block I intend having the insanitary tiled huts evacuated and demolished. The sheds at Krishnagiri lines, Bees Block are being improved to our satisfaction. The evacuation of Ooregum village has to be carried out circumspectly. The permanent residents can be sent out to the fields, but the mining coolies have to be taken out in batches to the health camps and thence transferred to the Mining Board properties under a system of escort. There is danger of these men scattering the infection * * I have inoculated 200 persons already and hope to do at least 500 at least a week.

The Deputy Commissioner was here yesterday and looked into the arrangements. He was also anxious to have Ooregum evacuated. If Ooregum were a village occupied by raiyats, I would get evacuation done immediately. Such classes of men do not run away and spread the infection. However in the course of another 10 days I will get the insanitary portions completely evacuated.

Extract from the Diary of the Additional Assistant Superintendent of Police, Bangalore district, for the week ending 25th February 1899.

* * * * *

24th Friday :—

Visited the marginally noted villages in the Kankanhalli taluk. The sanitation was highly satisfactory. The villagers know exactly what plague is and what they ought to do on its appearance.

1. Kurubarpete.
2. Arlahal.
3. Baikuppe.
4. Kotegandandoddi.
5. Ianmmandoddi.
6. Virupasamudra.
7. Mallegal.
8. Devegandandoddi.

Amildar Mr. Kantiravachar seems to have taken great pains in this direction.

The town of Kankanhalli is remarkably clean.

TELEGRAMS.

No. 702, *dated Calcutta, the* 20*th February* 1899.

From His Excellency the Viceroy—To Her Majesty's Secretary of State for India, London.

Following plague seizures and deaths reported from places outside Bombay Presidency since 13th February 1899 :—

Madras Presidency Districts—

Anantapur—51 seizures, 45 deaths.
Bellary—7 seizures, 7 deaths.
North Arcot—59 seizures, 55 deaths.
Salem—40 seizures, 31 deaths.
Kurnool—16 seizures, 14 deaths.

Mysore State—

Bangalore City—1 seizure, 1 death.
Bangalore C. & M. Station—10 seizures, 10 deaths.
Bangalore District—5 seizures, 2 deaths.
Mysore City—281 seizures, 249 deaths.
Mysore District—8 seizures, 2 deaths.
Kolar District—28 seizures, 24 deaths.

Hyderabad State—

Lingsugur District—32 seizures, 22 deaths.
Gulburga District—7 seizures, 5 deaths.

Central Provinces—

Nagpur City—5 cases, of which 2 suspected.

Punjab—

Jullundur District—5 seizures, 4 deaths.
Rajputana—Abu road—1 imported suspected fatal case.
Calcutta—6 seizures, 5 deaths, 2 of which suspected.
No plague reported elsewhere.

Plague.—
Research Work.
Professor Lustig's Curative serum.
Foreign Missions and Experts.
Memorandum by Professor Lustig on the measures that have been taken for the preparation of his serum.

General Department (Plague)—No. 1273-P., *Bombay Castle, 20th February* 1899.

Memorandum from the Plague Commissioner, No. 282-P.C., dated the 10th February 1899—

Submits a memorandum No. P.—5445, dated the 4th idem, from the Municipal Commissioner for the City of Bombay, forwarding for information the following memorandum by Professor Lustig :—

"1. Having obtained from the Italian Government leave only up to the 10th of February, I must start from Bombay, and I regret it is impossible for me to give my evidence to the Plague Commission.

"2. I beg to forward to the Commissioner a memorandum giving briefly my opinion on the different subjects on which I have been requested to express my views.

"3. Further explanations can be given by my Assistant Dr. Galeotti, Lecturer at the University of Florence, and by my myself by letter, if the Commission find it necessary.

"4. The aim of my coming to Bombay has been to pay a visit to the Laboratory arranged by my Assistants, Drs. Galeotti and Polverini, and to have personal information of the arrangements for the preparation of the curative serum.

"5. I am very pleased to be able to express to the Commissioner that I have found the work of Drs. Galeotti and Polverini, completely satisfactory in every regard, and I should be very glad if the Plague Commission would pay a visit to this Laboratory, and examine the operations for the preparation of the serum, and the experiments for the immunization of horses and other animals.

"6. Now it will be seen, from the several works published by myself and Dr. Galeotti in different and scientific papers, that we had in our researches the object of extracting from the plague bacilli a very active substance of known contribution able to induce in the animals, in which this substance has been injected, a strong local and general reaction, by means of which the serum of the blood of these animals attain specific bactericidal and antitoxic properties.

"7. Our experiments were, in the beginning, performed on animals (rabbits, rats, guinea-pigs monkeys) and later on (July and August 1897) in Bombay and Poona with a serum prepared in Florence. With this serum we treated 30 patients in different stages of disease, and of these 24 recovered.

"8. In February 1898, I was charged by the Bombay Municipality to prepare serum in the Laboratory at Florence, and to send it here for the treatment of the plague patients in the hospitals of this town.

"9. Every time, before the sending out of the serum, I tested its preventive and curative power on rats, injecting them in the peritoneal cavity with a small quantity of a vi

"10. I did not determine the minimum curative doses, because I think that such determinations have no conclusive value, it being impossible to have a standard of the strength of the injected virus.

"11. I can only say with certitude that $\frac{1}{3}$ or $\frac{1}{4}$ c. c. of serum was able to save a white rat of 100 grains weight, if the serum not injected under the skin, 2 or 3 hours after the intraperitoneal infection with cultures able to kill rats in 12 to 18 hours.

"12. These experiments show that the serum of the No. 4 horse was the most active and that of the No. 1 horse was the weakest.

"13. The results are in accordance with the experiments made with the same serums on plague patients.

"14. With these experiments the Plague Commission have been acquainted by Dr. Galeotti and by other witnesses who had occasion to examine the treated cases, and it would be useless to report these results.

"15. Now I have found the horses treated by Dr. Galeotti in good condition, and I hope they will give an active serum.

"16. The first essays made by Dr. Galeotti on the rats gave very satisfactory results and these results will be communicated to the Plague Commission together with those of the following experiments by Dr. Galeotti himself.

"17. In accordance with my personal experience on the preparation of the curative serum in general and specially in regard to the preparation of the anti-plague serum, I must say that not all the horses are able to give a serum endued with sufficient curative properties, and that some horses are able to give a good serum, only after a long process of repeated inoculations.

"18. I believe that the strength of the serum prepared, following my method, is due to the presence in the blood of substances elaborated by the cells of the organism of the horses, during the general reaction which follows every inoculation.

"19. When the activity of the serum is in good proportion to the No. 1 strength of these reactions, the horses able to give strong reactions will furnish surely an active serum.

"20. On the contrary, the horses in bad condition of nutrition and in which the material exchange is abnormal, show, after the inoculations, phenomena of impoverishment and torpor, and are not able to give a sufficiently strong serum.

"21 For this reason, it is necessary to keep the horses quiet for some time after the first blood letting and before making the inoculations.

"22. I have requested Dr. Galeotti to give to the Plague Commission the most detailed information about the experiments which will be done on plague patients with the serum of the horses which are now under treatment, and also, in regard to the researches designed, to determine on rats, with the greatest exactness possible, the strength of the serum of every treated horse.

"23. Being requested by the Municipal Commissioner to express my opinion on the importance of rats in the diffusion of the plague, I offer the following :—

'1st. I have performed experiments on hundreds of rats of different races, and living in the most different conditions, and I have found that almost all are able to get plague.

'2nd. Keeping in a cage several infected and non-infected rats, all die in a short time, and in their bodies plague microbes are always to be found.

'3rd. Mixing a virulent plague culture with the food given to some rats, all these generally die from plague, and it is quite common to find the bacilli in their fœces.

'4th. Generally in the infected rats, the microbes enter the blood and with great facility they pass into the urine. Thus this urine becomes a very infectant liquid.

'5th. In 1897, I had occasion to examine at Poona some dead rats found in a granary and in these I found plenty of microbes.

'I investigated also the corn of this granary, but I did not discover any plague microbes in it. Nevertheless, I know that two cooks who ate of this corn died from plague a few days after.

'6th. I believe that the rats represent one of the most important means of diffusion of the disease, because they are able to carry everywhere virulent microbes.

'7th. That the destruction of the rats is one of the most important measures to be taken against the plague. For this purpose poisons can be very useful, and specially would it be useful to provoke amongst the rats another epidemic, with a microbe not virulent to man. For this purpose, I believe that the Laser's microbe would be the best, because it was used with satisfactory results in Cessalia some years ago. I got a culture of this microbe and tried it on white mice, and obtained a culture which was very virulent, but I had not success into the black rats. I know that the same was experienced by Dr. Galeotti, to whom I sent one of my cultures of Laser's microbe. Dr. Galeotti will receive in a short time from Plague another more virulent culture of the same microbe, and will repeat the experiments.'"

Resolution.—The memorandum by Professor Lustig should be printed and copies furnished to the Indian Plague Commission and distributed to the officers and Departments concerned for information.—A. WINGATE, Acting Chief Secretary to Government.

30

No. A, Camp Bombay, 27th February 1899.

From the Chemical Examiner and Bacteriologist to the Government of Mysore, to the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

I have the honor to forward a report on the Bacteriological experiments I conducted on the subject of the underground conditions in the Kolar Gold Mines, being favourable or otherwise for the growth of the Plague Bacillus.

1. From personal observation of the Mysore Mine, I had surmised that ordinary non-spore-bearing Bacteria could not flourish in the soil in large numbers, and my surmise has been verified by the results of the experiments. The two samples of soil found at depths of 1420 and 1620 ft. respectively, in the Mysore Mine, contain four different kinds of Bacilli and no Cocci of the former three are spore-bearing. The remaining non-spore-bearing bacillus is a short, thick, motile one totally unlike the Plague Bacillus and its allies. The absence of Cocci in the soil also shows that delicate non-spore-bearing Bacilli like the Plague microbe, cannot flourish in the underground soil even if accidentally introduced there.

2. The soil on which the Coolie lines on the Ooregum Mine, are built was also examined. It contains a large number of Bacilli and Cocci, and appears to be a good medium for the growth and propagation of the Plague Bacillus.

3. Two kinds of cockroaches were pointed out to me, a milk-white variety supposed to excrete an acrid matter, and the ordinary dark-brown harmless one. Living specimens of both kinds were taken. After a few hours' day-light, the white colour gradually disappeared, giving place to the usual dark-brown tint. On the second day the two varieties could not be distinguished from each other except by their size. Perhaps the milk-white creature is only an earlier and younger form of the ordinary large and dark-brown one. Some cockroaches were inoculated with the Plague Bacillus, and others fed upon organic matter infected with the Plague Bacillus. The inoculated ones died two days after inoculation, and the latter are still alive, and seem to be none the worse for their infected meal. From the dead cockroaches, however, no Plague Bacillus could be obtained, and their death is attributed merely to there being no moisture in the bottles in which they were confined. I see no reason to apprehend that the cockroaches will be any source of danger even if the mines become infected with the Plague microbe. They tend on the other hand, by devouring any kind of organic matter that may happen to be in the mines, to lessen the chances of an unlimited propagation of the Plague Bacillus.

4. The "Cyanide tailings" examined, showed no Bacteria. When articially infected with the Plague microbe and examined it was found that all the Plague Bacillus had died out on the second day. This, in my opinion, is due to the absence of any organic matter which the Bacilli could live upon. I would suggest that either "Cyanide tailings" or even the ordinary pulverished rock be freely sprinkled in the mines and frequently renewed, as any organic matter that may happen to be introduced underground will be covered up and the chances of mines getting infected will be vastly lessened

5. Pure cultures of the Plague Bacillus were exposed for 5, 10 and 15 minutes with fumes given off by blasting gelatine as well as the fumes formed by exploding dynamite. In neither case was any effect produced on the vitality of the Plague Bacillus, which continued to grow as well after the exposure as before it. But too much weight cannot be attached to these results as the experiments were not performed under natural conditions and the periods of exposure were possibly not sufficiently prolonged.

6. The underground darkness and moisture which undoubtedly are favourable to the growth of all Bacteria, are, so far as I can judge, amply compensated for, by the comparative scarcity of organic matter and the excellent ventilation maintained in the mine visited. The likelihood of such a mine becoming infected with the Plague microbe is very little, and the chances of the infection remaining for any length of time are still less.

Note by the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

* * * * * *

The report of the Government Bacteriologist confirms the opinion that he and I formed, when we visited the Mysore Mine, and though absolute reliance cannot be placed on these experiments, I am of opinion that with strict sanitary measures below ground and free ventilation, the chances of their becoming infected are small. I fear all the mines are not so well ventilated, and possibly the arrangements are not quite so good as in Mysore. Where this is the case, every endeavour should be made to improve these two very important sanitary measures.

V. P. MADHAVA RAO, *Plague Comr. in Mysore.*

THE

MYSORE GAZETTE.

Vol. XXXIV.] Published by Authority. [No. 11.

BANGALORE, THURSDAY, MARCH 16, 1899.

PART II.

NOTIFICATIONS BY GOVT. OF INDIA, RESIDENT, CHIEF COURT, &c.

JUDICIAL DEPARTMENT.

IN THE CHIEF COURT OF MYSORE AT BANGALORE.

Notification, dated 4th March 1899.

It is hereby notified that the dates fixed for holding the Sessions for the Shimoga and Chitaldrug districts during the months of April and May 1899, as published on page 45, Part II of the *Mysore Gazette*, dated 12th January 1899, are altered as shown below:—

District.	*From*	*To*
Shimoga	.. Monday, the 24th April 1899	.. Saturday, the 1st April 1899.
Chitaldrug	.. Monday, the 15th May 1899	.. Thursday, the 25th May 1899.

Civil Side.

Rule of Practice No. 97, *dated* 20*th February* 1899.

The Chief Court directs that the following headings be substituted for those now in existence in the form of Quarterly Civil Statements prescribed by Rule of Practice No. 5, dated 3rd June 1878.

Civil Quarterly Statement No. I. Column 22.	"Over 6 months."
Do 23.	"Remarks and explanation of delay in all original cases pending over 6 months and small cause cases pending over 2 months."
Civil Quarterly Statement No. III. Column 15.	"For more than 2 months."
Do 26.	"Remarks and explanation where cases have been pending more than 2 months."
Civil Quarterly Statement No. IV. Column 2, last line.	"Of these, pending over 2 months."
Do 16 do	"Remarks and explanation where cases have been pending over 2 months."
Civil Quarterly Statement No. V. Column 10.	"For more than 6 months."
Do 13.	"Remarks and explanation where cases have been pending for more than six months."

Civil Side.

Rule of Practice No. 98, *dated* 22*nd February* 1899.

The following form of monthly statement of Civil cases filed and disposed of is *substituted for the one prescribed by Circular letter No. 104, dated 2nd September 1891 and subsequently modified by Circular letters Nos. 121 and 122, dated 10th December 1895 and 9th January 1896, respectively, as also by Rule of Practice No. 96, dated 23rd November 1898.

*(*Vide* revised form appended.)

Statement of Civil cases filed and disposed of during the month of..... 189 .

Class and locality of Court and name of Presiding Judge.	Cases of the kind shown in quarterly statements.	Number pending from last month.	Number filed during the month.	Total.	Number disposed of.	Number pending.	Number of Regular suits (including these remanded and refiled) and appeals pending over 6 months.	Number of Small Causes, miscellaneous and execution cases pending over 2 months.	Remarks.
1	2	3	4	5	6	7	8	9	10
	No. 1 (Original) ..								
	Do (Small Causes) ..								
	No. 2 (Execution) ..								
	No. 4 (Miscellaneous) ..								
	No. 5 (Appeals) ..								

By Order,
V. A. RAJARATNA MUDALIAR,
Registrar.

POLICE DEPARTMENT.

Notice, dated 8th March 1899.

A reward of Rs. 100 is offered by Patri Chenna Rudrappa of the Kadur district to any one giving such information as will lead to the recovery of a currency note for Rs. 1,000—No. $\frac{T}{67}$ 92939, which was found missing by him some 15 days ago.

K. CHANDY,
for *Inspector Genl. of Police.*

FOREST DEPARTMENT.

Notice, dated 20th April 1898.

It is hereby notified for public information that the undermentioned Minor Forest Products collected and stored departmentally will be sold by public auction by the District Forest Officer, Chitaldrug, on the 8th April 1899 at the Taluk Cutcherry, Chitaldrug.

2. Watch and ward rest with the purchaser from the date of sale.

3. *Terms of sale.*—Twenty-five per cent of the purchase money should be deposited immediately after the sale is closed. The balance should be paid within a week from the date of sale, in default, the products will be re-sold at the risk of the 1st purchaser and the deposit amount forfeited. In the event of any gain at the re-sale the 1st purchaser will not participate.

4. For further particulars, see Government Proceedings No. 99, dated 30th August 1887, published in the *Mysore Gazette*, dated 3rd September 1887.

No.	Name of products.	Quantity.	Remarks.
1	Gall-nut	400 maunds.	More or less.
2	Kiribidaru	5,500	
3	Kamara poles	800 c. ft.	

K. SHAMAIENGAR, *Dt. Ft. Officer, Chitaldrug Dt.*

KOLAR DIVISION.

The 9th March 1899.

Notice is hereby given that sealed tenders will be received at the office of the Executive Engineer, Kolar division, up to 5th April 1899 (inclusive), for constructing a Taluk Cutcherry at Srinivaspur. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of June 1900.

2. The plans, detailed estimate, and conditions may be seen at the Executive Engineer's office at Kolar between the hours of 11 A. M. and 5 P. M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement, in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 300 in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for constructing a Taluk Cutcherry at Srinivaspur" in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders the earnest money on rejected tenders will be returned.

Approximate estimate of quantities of work required for constructing a Taluk Cutcherry at Srinivaspur.

Items of work.	*Per.*	*Quantity.*
Earth work excavation	C. yds.	1,464
Concrete foundation	C. ft.	5,714
Burnt stone in mortar (foundation and basement)	C. ft.	13,535
Burnt brick in mortar (superstructure)	C. ft.	20,318
Burnt brick in mortar, archwork	C. ft.	291

V. ARUNACHALA MUDALIAR, *Offg. Executive Engineer.*

MYSORE DIVISION.

Notice, dated Camp Maddur, 10th March 1899.

Notice is hereby given that the undermentioned arrears are outstanding in the accounts of this division from the months noted against each item and if the parties themselves or their authorized heirs do not present themselves before No. 5 Sub-Divisional Officer at Heggaddevankote to receive payments within two months from this date, the amounts will be credited to Government.

Annual repairs of Hunsur-Begur road—

Geriaboyi, Re. 0-5-3 outstanding from August 1895.

Annual repairs of Hanagode Series channels—

Narasimiah, Rs. 4-7-8 outstanding from June 1896.

Kullanka, Rs. 2-13-7 outstanding from June 1897.

C. A. MAHADEVASASTRI,
Executive Engineer.

HESSARGHATTA WATER-SUPPLY DIVISION.

Notice, dated 4th March 1899.

Notice is hereby given that the contract for supplying casuarina fuel to the Pumping Station at Soldevanahalli near Chikbanavar will be sold by public auction in the Executive Engineer's office at Bangalore, at 2 P. M, on Monday, the 20th March 1899, to the lowest bidder.

2. Intending bidders are required to deposit a sum of Rs. 500 as an earnest money.

3. When the bid is knocked down to the lowest bidder, the earnest money deposited by the unsuccessful bidders will be returned and the lowest bidder whose bid is accepted will be required to execute the necessary agreement subject to confirmation by the Chief Engineer. The other conditions and specifications are the same as notified in the *Mysore Gazette*, dated ... . Copies of specification can be had by applying personally at the Executive Engineer's office

V. RUNGASAWMY IYENGAR,
Exec. Engr., Hessarghatta Water-Supply Division.

CHITALDRUG DIVISION.

Notice, dated 17th February 1899.

It is hereby notified that a sum of Rs. 6-13-5 is outstanding in the accounts of this office in favor of Ramaswami Mudaliar, contractor of Holalkere Taluk Cutcherry. If the party himself or his legal heir do not claim the amount within three months from this date, the amount will be credited to Government and no claims will be entertained after that date.

K. PRAHLADA RAO,
Executive Engineer.

MYSORE CITY MUNICIPALITY.

Notice, dated 11th March 1899.

Under the authority of Section V of the "Regulations for the Supervision System" published under Government Notification No. Pg. 1096, dated 2nd February 1899, the President of the Mysore City Municipality hereby notifies for information of the public that the night of Saturday the 25th March 1899 from 9 P.M. has been fixed for taking of the census of the City of Mysore. Every house-owner or head of a family is requested to fill in the form (which will be supplied beforehand by the Block-supervisor) and to deliver the same to him when called for on the said date.

P. R. W. WETHERALL,
for *President.*

SOUTHERN MAHRATTA RAILWAY.

Notice, dated Dharwar, 21st February 1899.

On and from the 26th February 1899, trains on the Bangalore-Nanjangud Section will run to the following timings :—

NOTICE.

Much inconvenience is caused in this office by subscribers to the *Gazette*, sending remittances by Postal Money Order, not giving their full and correct addresses and writing often illegibly on the coupons which are unfit for record. Notice is now given that all Taluk Treasuries being authorized to receive subscriptions for the *Gazette*, Money Orders sent to this office will not be received except from outside the Province. Communications on post cards or any paper smaller than a note paper will not receive attention.

T. T. LEONARD,
Compiler, Mysore Gazette.

PAPERS IN CONNECTION WITH THE BUBONIC PLAGUE.

Notification, dated 2nd March 1899.

It is hereby notified for the information of the public that the Senior Surgeon and Sanitary Commissioner with the Government of Mysore has authorized M. Perumal Naidu, 1st Class Hospital Assistant at Channapatna, to inoculate and grant certificates of inoculation within his jurisdiction.

WEEKLY REPORT OF PLAGUE IN THE MYSORE STATE, EXCLUDING THE CIVIL AND MILITARY STATION, FOR THE WEEK ENDING 3RD MARCH 1899.

Bangalore City.

I. The following are the figures in the City up to date :—

	Plague cases.	Plague deaths.	Deaths from all causes.	Normal recorded mortality in the same period.
From 12th August 1898 to 3rd February 1899 ..	3,324	2,648	6,983	612
Week ending 10th February 1899	5	2	35	32
Week ending 17th February 1899	1	1	27	32
Week ending 24th February 1899	1	Nil	31	32
Week ending 3rd March 1899	1	1	35	31

The number of attacks has been only 1 during each of the past three weeks, and if the present steady rate of decrease should continue, it cannot be long before the City is declared free. The one attack and one death reported during the week, occurred on the 25th and related to a dead body found near the Sampangi tank bund.

A passenger suffering from plague, travelling from the City, was discovered at the Cantonment Station on the evening of the 3rd March and the matter is under enquiry. The person is reported to have come from Krishnagiri, Salem district, a fortnight ago and purchased a ticket at the City Station after getting himself disinfected there.

There were 1,651 arrivals in the City during the week against 1,852 during the previous week.

II. The figures for the Health and Segregation Camps were as follows :—

	Remaining.	Admitted.	Discharged.	Developed plague.	Remaining.
Health Camps ..	312	1	39	..	274
Segregation Camp		8	6	..	2

III. During the week, there were 547 first inoculations and no second inoculations, bringing the totals to 31,705 and 1,356, respectively. There were no attacks among inoculated persons during the week.

IV. The Hospital figures were as follows :—

	Remaining.	Admitted.	Discharged.	Died.	Remaining.
For the week	2	..	1	..	1
Since commencement	..	2,095	741	1,353	1
Inoculates	..	105	65	40	..

V. During the week, 263 houses were disinfected as against 305 during the previous week, of which 45 were plague-infected houses and the rest deserted ones.

VI. During the week, permission was given to reoccupy 202 houses ; no charge was levied for disinfecting 41 houses ; 5 were disinfected by the owners themselves, and the charges collected from the remaining 156 amounted to Rs. 242-8-0.

VII. The cost of earthworks carried out during the week in the Malleswara and Basawanagudi extensions in the north and south of the City was Rs. 2,160, bringing the total amount spent up to date to Rs. 32,871.

From the commencement up to date 600 infected houses have been marked for demolition, of which 390 have been pulled down at a cost of Rs. 1,560. In addition to these, 893 houses have been marked for removal for the opening out of lanes in the City, of which 590 have been acquired by the Sanitary Department at a cost of Rs. 38,723.

Independently of the above, the Bangalore City Municipality demolished 12 houses as unfit for human habitation during the week, the total number demolished by the municipality from the commencement being 412.

The length of pipes laid out for water-supply in the Mallesvaram Extension from the commencement was 2,690 running feet and the number of fountains put up was 7.

VIII. During the week under report, 791 persons or a daily average of 113 were disinfected with their effects at the City Railway Station.

Mysore State, outside Bangalore.

IX. The accompanying weekly return shows the state of the epidemic in the Province.

The decrease noticed in the four affected districts of Bangalore, Kolar, Tumkur and Mysore in the last week's report, continued during the present week.

In the Bangalore district the number of cases decreased from 115 to 91. In the sub-taluk of Closepet, and the taluks of Hoskote and Channapatna, in which an increase was noticed in the previous week, the number of attacks decreased from 10, 12 and 18 to 5, 9 and 10, respectively. There was slight increase in the taluks of Bangalore, Dodballapur and Devanhalli, but a decrease in all the other taluks. In Magadi taluk there were no attacks during the week. The total number of infected villages increased from 55 to 59 ; but cases were reported from only 39 as against 41 villages. Of these, 8 were newly infected villages.

In the Kolar district, excluding the Gold Fields, the number of indigenous cases decreased from 34 in the past week to 18 during the present week, while in the Gold Fields it increased from 32 to 33. The number of infected villages in the Gold Fields increased from 10 to 15, while in the Kolar district, excepting Gold Fields, it decreased from 20 to 16.

In the Tumkur town there was no attack or death during the week, and the disease was confined to Tumkur Taluk, where th attacks decreased from 13 to 11 but the number of infected villages was increased by 1. Out of the 76 villages in the district from which plague cases have been reported from commencement, only 11 are now infected, and it may therefore be hoped that this district will soon be entirely free from plague.

In the Mysore district, excluding Mysore City, the number of indigenous cases as well as the number of infected villages remained almost stationary, the figures for the week being 32 and 11, as against 31 and 12, respectively.

X. In the Mysore City, the figures were as follows :—

	Plague cases.	Plague deaths.	Total mortality.
Week ending 10th Feb. 1899 ..	285	231	283
„ 17th Feb. „ ..	282	249	300
„ 24th Feb. „ ..	264	204	255
„ 3rd March „ ..	194	186	253

The decrease in plague cases, deaths and total mortality noticed in previous weeks was well maintained during the present week.

Extract from the Diary of the District Plague Officer, Bangalore district, for the week ending 3rd March 1899.

* * * * * *

There is nothing particular to note this week beyond the steady and gradual decrease of the plague generally.

Extract from the Diary of the Special Plague Officer, Kolar Gold Fields, dated 7th March 1899.

* * * * * *

Coolies are coming in for the past few days. There is no panic. Those who intend leaving will do so with the object of seeing their families who left this at the beginning of the epidemic.

Extract from the Diary of the District Plague Officer, Mysore, for the week ending 3rd March 1899.

Only one village, *viz.*, Hosur in the Seringapatam taluk, was newly infected during the week. It has been promptly evacuated, the patients camping out on one side and the healthy on the opposite side of the village. The usual precautions have been taken. I have had to warn the people against overcrowding in the sheds and to advise them to leave at least two openings for a shed with 2 or more sky-lights on the roof to admit of free perflation of air. The cause of infection in Hosur is traced to the villagers visiting the Ganjam camp for purposes of trade. * * *

2. I closely inspected the Ganjam town on more than one occasion during the week. Some people still continue to live in the houses notwithstanding advice to the contrary, most people in the camp visit their houses. The roofs of most houses were uncovered to a large extent during the week, and several families sent to camp. * * * * *

3. There have been no cases in Seringapatam ; but one girl (age 12) died on the 3rd instant after 3 days' fever. The Sub-Assistant Surgeon and the midwife who examined the body did not detect any special signs of plague. Still the usual precautions have been taken. The roof of the house has been opened out, the neighbouring shop-keepers have closed shops, and the lane in which the death occurred is being evacuated.

4. In Siddalingapur I told the villagers that they may prepare themselves to return to their houses after disinfection, as the only case that occurred there was promptly isolated. But the villagers preferred to be in camp ; they remarked humorously that their present condition put them out of their power to receive visitors from Mysore.

* * * * *

6. The Amildar of T. Narsipur reported that two rats were found dead in the totti of one Venkata Rao's house at T. Narsipur, that they were sent to the Bacteriologist for opinion, and that disinfection, evacuation and other measures were taken. Necessary instructions to watch the locality have been given.

7. Amildars have been asked to advise villagers to secure hutting materials beforehand against the coming wet, weather when camping out would be more difficult ; and the sheds will have to be more substantial. The richer of the villagers may put up substantial tiled sheds in their own fields which will be useful to them on occasions other than the present

Extract from the Diary of the District Plague Officer, Tumkur, for the week ending 3rd March 1899.

* * * *

Inspected Kora.—One new case only since evacuation. Inspected houses had been disinfected. A census of the village was taken and compared with the Khaneshumari accounts of the shanbhog. It was found that no families had left the village. Made enquiries as to friends or relatives of infected families living in healthy areas, and sent word to the patels of the villages where these lived to prevent them having intercourse with Kora. Heard that a daughter of one of the patients living in another village had visited her mother several times. Sent men to that village, had the daughter's house disinfected and ordered the patel to keep the daughter under observation.

No fresh attack in Tumkur town since 19th February. Disinfection proceeding and arrangements made for disinfection of persons and effects of those returning to the town.

Plague in the Tumkur taluk is sporadic and declining, and the District Plague Officer hopes that it will cease in a fortnight.

Extract from the Diary of the District Plague Officer, Bangalore district, for the week ending 10th March 1899.

* * * *

I visited several villages in the Bangalore taluk during the week, most of which have been re-occupied, the houses having been whitewashed and the village generally cleaned up. New windows have been opened in most of the houses also.

The people are willing to do the work themselves, and seem to realize the necessity of getting it well done; for they understand, I think, that if plague were to break out again during the rains, they would be put to much trouble and inconvenience.

V. P. MADHAVA RAO, *Plague Comr. in Mysore.*

It is hereby notified that the dates fixed for holding the Sessions for the Shimoga and Chitaldrug districts during the months of April and May 1899, as published on page 45, Part II of the *Mysore Gazette*, dated 12th January 1899, are altered as shown below :—

District.	*From*	*To*
Shimoga ..	Monday, the 24th April 1899 ..	Saturday, the 1st April 1899.
Chitaldrug ..	Monday, the 15th May 1899 ..	Thursday, the 25th May 1899.

By Order,

V. A. RAJARATNA MUDALIAR,
Registrar.

FINANCIAL DEPARTMENT.

Circular No. 1923—1525, *dated 7th March* 1899.

To—The Deputy Commissioner, Treasury Department.

From the subsidiary statements furnished with Treasury accounts in support of credits under the sub-heads of the major-head XVIII "Miscellaneous," noted in the margin, it is observed that credits belonging to other heads of account are invariably included. It is not uncommon to find savings in the pay of policemen, schoolmasters, excess in contingencies, remuneration to shanbhogs and patels and such like credits so included. The Comptroller has the honor to request that Deputy Commissioner, Treasury Department, will be so good as to scrutinize these subsidiary statements of miscellaneous credits before signing the monthly Treasury account and see that credits properly belonging to other departments are brought to book of the departments concerned and not shewn under XVIII Miscellaneous. Recoveries on account of excess payments of pay and allowances and contingencies ought invariably to be made by short drawals from the bills of subsequent months and not made in cash as has been the practice hitherto and which, it is requested, may be discountenanced in future. Miscellaneous revenue, for which there is no corresponding departmental head of credit account, should alone be included under Miscellaneous.

2. Savings and refunds.
3. Fines and forfeitures.
4. Service payments for recovery.

E. R. SUBRAYER, *Comptroller.*

EDUCATION DEPARTMENT.

Notification D. No. 20, *dated* 14*th March* 1899.

K. SHAMAIENGAR, *Dt. Ft. Officer, Chitaldrug Dt.*

KADUR DISTRICT.

The 15th March 1899.

It is hereby notified that in satisfaction of arrears of land revenue due by the late Mr. Rangaiya Hebbar, revenue defaulter, the undermentioned immovable property, the occupancy of which has been declared to be forfeited, will be sold by public auction at the Cutcherry of the Mudgere taluk in the Kadur district, by the Amildar on Friday, 28th April 1899. The sale will commence at 11 A. M. and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser up to end of the year 1898-99 is Rs. 135 as shown in detail in the statement at foot.

3. Purchasers will be required to deposit twenty-five per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within fifteen days from the day of sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made nor the remaining purchase money paid up, the property shall be re-sold at the expense and risk of the first purchaser.

5. Persons bidding at the sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals: otherwise their bids may be rejected.

6. The sale shall be stayed if the defaulter, or any person acting on his behalf or claiming an interest in the property, tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down to the highest bidder on the date of sale.

7. The sale of the property will not become absolute until confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession, and the property will be registered in the name of the purchaser, and a certificate of sale, signed and sealed by the Deputy Commissioner, will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided, parties deeming themselves aggrieved by the sale, shall be at liberty to appeal to the Deputy Commissioner within thirty days from the day of sale, and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional on the final order in such appeal.

N.B.—The sale is free from all tenures, encumbrances, and rights created by the defaulter or any of his predecessors in title or in anywise subsisting against him.

F. E. C. CARR, *Dy. Comr.*

CHITALDRUG DISTRICT.

TANGADI BARK SALE.

Notice, dated 8th March 1899.

It is hereby notified for general information that the exclusive privilege of collecting Tangadi (*Cassia auriculata*) bark on all Government unoccupied lands, including Amrut Mahal kavals, of the undermentioned taluks of this district from 1st July 1899 to the 30th of June 1901, will be sold by public auction by the Deputy Commissioner, or other officer deputed by him, on the date and at the place specified below :—

Name of taluk.	Date of sale.	Place of sale—Taluk Cutcherry at.
(1) Chitaldrug	25th May 1899 .	Chitaldrug.
(2) Holalkere and Hosdurga	26th do ..	Holalkere.
(3) Davangere and Harihar	27th do ..	Davangere.
(4) Jagalur	29th do ..	Jagalur.
(5) Molakalmuru	1st June 1899 ..	Molakalmuru.
(6) Challakere	3rd do ..	Challakere.
(7) Hiriyur	5th do .	Hiriyur.

2. The auction will commence at 2 P. M. on each day of sale, and if the sale is not completed on the same day it will be continued on the next following day at the same hour.

3. The exclusive privilege above described will be disposed of to the highest bidder, subject to the confirmation of the Deputy Commissioner, who is at liberty to accept or reject the bid at his discretion. The accepted bid will represent the amount which is to be paid for the period of twenty-four months for the abovesaid privileges, (*i. e.*, 1st July 1899 to the 30th June 1901).

4. Parties intending to bid must attend either in person or by duly accredited agents, and no person will be permitted to bid either on his own behalf or on account of any one else, unless he deposits a sum of Rs. 50. The deposits made by the unsuccessful bidders will be returned at the close of sale. Each successful bidder shall, at the close of the sale, credit into the Government Treasury of the taluk concerned, one-fourth of the total rental including the deposit already made. Should he fail to do so, the deposit will be forfeited and the exclusive privilege will be re-sold by the officer conducting the sale.

5. Re-sales effected under the above para will be at the risk of the defaulting bidder, who will forfeit all gain ; and in the event of a loss by the re-sale shall make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale.

6. The lessee shall sign an agreement binding himself to observe the conditions below, and it should be executed within fifteen days from the date on which the confirmation of the sale may be intimated to him.

7. The balance of lease amount and the local cess at one anna in the rupee on the whole sum shall be paid in full before the end of June 1899, failing which the lessee will forfeit the one-fourth sum already credited and also his claim to the produce ; and the right of collecting the same is liable to be re-sold.

Conditions.

(1) To coppice all shoots, whether large or small, over one year old.

(2) To hold himself responsible to prevent the felling of tender stems by his servants or sub-contractors ; that is, stems under one year old.

(3) To furnish a list of sub-contractors and mestris who may be appointed by them for the collection of bark in the different working circles, showing the names of storing kotis in each.

(4) The barked wood to be the property of the lessee.

(5) To keep accounts showing the quantity of the bark removed in accordance with the lease and to permit inspection of such accounts by the Deputy Commissioner or the District Forest Officer or any other officer deputed by either of them.

(6) To provide passes for each cart-load of bark in such manner as may be laid down by the District Forest Officer.

(7) To remove out of the limits of the district, before the end of June 1901, all bark cut, collected or stored in the several kotis of the district as well as railway stations.

(8) In the event of breach of any of the above conditions, the lease is liable to be cancelled, and all the bark collected and stored up to date to be confiscated and the lessee will be further liable to be punished under the Forest Rules.

M. S. NARAYAN RAO, *Dy. Comr.*

220

KOLAR DIVISION.

The 9th March 1899.

Notice is hereby given that sealed tenders will be received at the office of the Executive Engineer, Kolar division, up to 5th April 1899 (inclusive), for constructing a Taluk Cutcherry at Srinivaspur. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of June 1900.

2. The plans, detailed estimate, and conditions may be seen at the Executive Engineer's office at Kolar between the hours of 11 A. M. and 5 P. M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement, in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 300 in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for constructing a Taluk Cutcherry at Srinivaspur" in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders the earnest money on rejected tenders will be returned.

V. ARUNACHALA MUDALIAR, *Offg Exec. Engr.*

CHITALDRUG DIVISION.

The 8th March 1899.

Notice is hereby given that sealed tenders will be received at the office of the Executive Engineer, Chitaldrug division, up to 15th of April 1899, for constructing a new tank at Parasurampur, Challakere taluk. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of June 1902 A. D.

2. The plans, detailed estimate, and conditions may be seen at the Executive Engineer's office at Chitaldrug between the hours of 11 A. M. and 5 P. M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement, in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 500 (five hundred only) in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for constructing a new tank at Parasurampur, Challakere taluk," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender, or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

2. Government Proceedings No. 8708-12—L. F. 62-97, dated 26th January 1899, reviewing the Administration Report of the Bangalore City Municipality for the year 1896-97.

Resolution—Recorded.

3. Secretary's docket No. 4860—4796, dated 7th October 1898, and subsequent reminder No. 8781—4796, dated 27th January 1899, requesting the submission of a plan of the locality in the new Tharagupete proposed for the construction of a new Municipal School building.

Resolved that the question of the most suitable site for the Municipal Boys' School lie over until the opening up of the ground surrounding the present school building is completed.

4. Letter No. 562, dated 4th February 1899, from the President, City Municipal Schools Committee, suggesting certain improvements of the surroundings of the City Municipal School.

Resolution.—The proposals made by the President of the City Municipal Schools Committee will be fully met by the action already initiated by the Municipal and Plague authorities for the improvements of this part of the City.

5. Sanitary Engineer's docket No. 3029—1432, dated 4th November 1898, informing that no licenses for new buildings for dwelling houses are to be granted within the City of Bangalore without the sanction of Government. *Vide* para 2 of Government Proceedings No. 8863-4—L. F. 430-92, dated 30th January 1896, directing that no licenses for building purposes should be granted.

Resolution.—Noted.

6. Deputy Commissioner's No. 1043, dated 3rd February 1899, forwarding copy of Government Proceedings No. 5216-7—L. F. 1892, dated 1st February 1899, sanctioning a further advance of Rs. 50,000 on account of acquisition of lands, &c., required for the extensions of the Bangalore City.

Resolution.—Recorded.

7. Government Proceedings No. 9047-8—L. F. 110-97, dated 2nd February 1899, granting a loan of Rs. 16,000 to meet urgent demands.

Resolution—Recorded.

8. Government letter No. 782-90—Mis. 190, dated 14th July 1898, requesting to submit a detailed report showing how far the defects and omissions pointed out in Mr. Biddulph's report on the present system of maintaining Municipal accounts, &c., have been rectified.

Resolved that a sub-committee be formed consisting of—

1. Vice-President
2. Mr. J. Cook, M. A.
3. Mr. D. Venkatramaiya, B. A.
4. Mr. R. Raghunatha Rao, B. A.
5. Mr. D. Ranga Rao

to draw up a report dealing with the subject matter of Mr. Biddulph's Memorandum.

9. Government Proceedings No. 8959-69—L. F. 105-95, dated 31st January 1899, prescribing revised Rules for Pensions and Gratuities to Municipal servants.

Resolution—Recorded.

Deferred Proposition.

10. Health Officer's letter No. 262, dated 7th December 1898, suggesting the substitution of tiled roofs in lieu of mud roofs to houses at present existing in the City of Bangalore.

Resolved that a sub-committee be formed consisting of—

1. Vice-President
2. Mr. D. Ranga Rao
3. Mr. C. Krishnamurti
4. Mr. Aga Abdulla Saib
5. Mr. Virabhadra Chetti

to consider and report upon the question.

S. SRINIVASA RAO, for *President.*

The 21st March 1899.

J. COOK,
Director of Meteorology in Mysore.

PAPERS IN CONNECTION WITH THE BUBONIC PLAGUE.

Notification, dated 2nd March 1899.

It is hereby notified for the information of the public that the Senior Surgeon and Sanitary Commissioner with the Government of Mysore has authorized M. Perumal Naidu, 1st Class Hospital Assistant at Channapatna, to inoculate and grant certificates of inoculation within his jurisdiction.

WEEKLY REPORT OF PLAGUE IN THE MYSORE STATE, EXCLUDING THE CIVIL AND MILITARY STATION, FOR THE WEEK ENDING 10TH MARCH 1899

Bangalore City.

I. The following are the figures in the city up to date :—

	Plague cases.	Plague deaths.	Deaths from all causes.	Normal recorded mortality in the same period.
From 12th August 1898 to 10th February 1899 ..	3,329	2,650	7,018	644
Week ending 17th February 1899	1	1	27	32
Week ending 24th February 1899	1	..	31	32
Week ending 3rd March 1899	1	1	35	31
Week ending 10th March 1899	1	1	37	32

As in each of the three previous weeks, there was, during the week, in the city, only one case. The arrivals in the city increased from 1,651 in the previous week to 1,803 in the present week, the population in the city being now about 55,132 as against 80,285 before the outbreak of plague according to the Census of 1891.

II. The figures for the Health and Segregation Camps were as follows :—

	Remaining.	Admitted.	Discharged.	Developed plague.	Remaining.
Health Camps ..	274	22	24	..	272
Segregation Camp ..	2	16	2	..	16

III. During the week, there were 449 first and 13 second inoculations, bringing the totals to 32,154 and 1,369, respectively. There were no attacks among inoculated persons during the week.

IV. The Hospital figures were as follows :—

	Remaining.	Admitted.	Discharged.	Died.	Remaining.
For the week	1	1	..	1	1
Since commencement	..	2,095	741	1,354	..
Inoculates	..	105	65	40	..

V. During the week, 339 houses were disinfected as against 263 in the previous week, of which 245 were deserted houses, 52 plague-infected and 42 locked-up ones opened under Government Notification No. 5235—Pg. 21-96.

VI. During the week, permission was given to re-occupy 129 houses ; no charge was levied for disinfecting 25 houses ; 5 were disinfected by the owners themselves, and the charges collected on the remaining 99 amounted to Rs. 183-4-0.

VII. The cost of road work and pipes laid for water-supply in the Malleswara and Basavangudi Extensions amounted to Rs. 5,559, bringing the total amount spent up to date to Rs. 38,430. During the week 29 infected houses were destroyed, and 26 houses were removed for opening out lanes in the city by the Sanitary Department. Independently of the above, the municipality demolished 3 houses as unfit for human habitation during the week, the total number demolished by the municipality from the commencement being 415.

VIII. During the week under report, 928 persons or a daily average of 132 were disinfected with their effects at the City Railway Station.

Mysore State, outside Bangalore.

IX. The accompanying weekly return shows the state of the epidemic in the Province.

Plague is steadily decreasing in the districts of Bangalore, Tumkur and Mysore, but in the district of Kolar, plague cases increased during the week.

In the Bangalore district, excluding Bangalore City, the number of cases during the week was 42 as against 91 in the previous week and 115 in the week ending 24th February 1899. There was a decrease in all the taluks except Nelamangala, in which the number of cases slightly increased from 12 to 14. The taluk of Magadi has now been free for two weeks continuously.

The number of infected villages decreased from 59 to 47, of which only 21 reported cases as against 39 the week previous ; only 6 villages were newly infected against 8 in the previous week.

In the Kolar district, excluding the Gold Fields, the number of indigenous cases increased from 18 to 22, while the number of infected villages decreased from 16 to 12. Kolar town was declared infected.

In the Gold Fields the number of indigenous cases and the number of infected villages increased from 33 and 15 to 49 and 17 respectively. The number of villages newly infected in the Gold Fields during the week was 3 as against 4 the week previous. The appended statement shows the incidence of cases among the several Mines for the past 4 weeks.

This week also Tumkur town presented a clean sheet, while in the district the number of cases decreased from 11 to 4, and the number of infected villages decreased by three. The number of newly infected villages was only one, both in the past and the present week.

In the Mysore district, excluding the Mysore City, the number of cases was 27 as against 32 and the number of infected villages 9 as against 11.

	Total . .	1	1	16	14	..	..	32	21	..	..	*42	*26	1	1	49	30	

*These consist of 8 days' figures.

Up to the commencement of the present week, the taluks of Mysore, Seringapatam, Hunsur and Mandya were infected.

In the Mysore taluk, cases occurred only in one village in the present week; in Seringapatam taluk cases decreased in three villages including Ganjam, and one village became newly infected. In Hunsur taluk, the number of cases at Bellikere, the only village which remains infected, decreased from 9 to 4. There were no cases in the taluk of Mandya, which has now been free for two weeks continuously, but one village in the taluk of Heggaddevankote was newly infected during the week.

In the Mysore City the figures were as follows :—

	Plague cases.	Plague deaths.	Total mortality.	Normal recorded mortality for past 5 years during the same period.
For week ending 17th Feb. 1899 ..	282	249	300	33
Do 24th do ..	264	204	255	33
Do 3rd March 1899. ..	194	186	233	35
Do 10th do ..	140	124	160	36

Plague continues to decrease steadily in the Mysore City there being a very satisfactory drop in the total mortality from 233 to 160 and in plague attacks from 194 to 140.

A complete census of the city will be taken next full moon night, but it is estimated by the Chief Plague Officer that up to the 28th February only some 18,200 people had left the city, the population on that date standing at 53,044 as against 74,048 recorded at the last census of 1891 of whom 2,776 have died from all causes during December 1898 and January and February, 1899.

RULES FOR EVACUATION AND DISINFECTION OF INFECTED TOWNS AND VILLAGES OTHER THAN THE CITIES OF BANGALORE AND MYSORE.

A. Evacuation.—1. On a town or village first becoming infected, the inhabitants should be encouraged to vacate their houses and live in huts outside the town or village, and where necessary, helped with materials for huts.

2. In a Municipality or a fairly large town or village, and where the case reported is the first indigenous one, the evacuation may be confined to the infected house and the houses adjacent to it and to the houses of friends or relatives who may have visited the infected house. At the same time all the inhabitants should be strongly advised to commence preparations for the evacuation of the whole town; for, in this, if the plague spreads, lies their only safety.

3. When the plague shows signs of spreading, no efforts should be spared to induce, at least, the healthy families to evacuate; the infected families, if not inclined to move, may be left in the town though every endeavour should be made to persuade them also to move out.

4. When evacuating the town, care should be taken to have infected families, as far as possible, hutted separately and at some distance from the uninfected; otherwise infection will continue to spread.

5. Among the infected families also it is desirable that the sick should be kept in a separate shed from the healthy.

6. Infected families moving into huts should be discouraged from taking with them more articles than they absolutely require in the way of bedding, clothing, &c., and any articles they do take out should be disinfected by exposure to the sun, and by soaking in boiling water where this can be done without damaging them.

7. The District Plague Officer should, in consultation with the Deputy Commissioner, arrange for a safe place for the custody of cash and valuables belonging to those who have vacated their houses.

In the case of infected houses, such articles should be usually removed to a strongly built house in the town itself, which may be acquired for this purpose.

This house should be provided with a guard of, at least, two policemen night and day.

Articles from uninfected houses can be either kept in the nearest Police Station, or in the Taluk Cutcherry, or if room is not available, in another house in the town itself, to be acquired for the purpose, and guarded as above.

8. Before evacuation of an infected house, a list of all the members of the household should be made out, and the members should be kept under daily observation in their huts until the expiry of 10 days from the date of the last case among them.

9. Before an infected family is allowed to join the uninfected families, the articles of bedding, clothing, &c., which they took with them into the huts should be again disinfected by exposure to the sun, and, where possible, by boiling.

10. Uninfected families should be allowed to vacate their houses without any of the restrictions as above, but they should be warned against re-entering their houses after evacuation, and against intercourse with infected families; and any offender in this respect should, with his whole family at once be treated as infected, and placed under the same restrictions as to observation and disinfection as an infected family.

11. A family should be considered infected

(a) if a case of plague or a suspicious case has occurred in it within the previous 10 days;
(b) or if living in a house adjoining an infected family;
(c) or in whose house a dead rat has been found, the cause of death of which cannot be satisfactorily explained.

12. When a village is evacuated, it is the first duty of the authorities to make suitable arrangements for guarding vacated houses, and for protecting those living in huts. They should also see that the Regulations as regards passes and observation notices are strictly enforced, and intercourse with neighbouring villages, as far as possible, prevented.

B. Disinfection.—1. As soon as any house, infected or otherwise, is vacated, the authorities will see that it is sealed up, and re-occupation not permitted until disinfection or cleaning, as laid down in the Rules contained in Appendix (*a*) attached, has been effected.

2. For the disinfection of infected villages in a taluk, the District Plague Officer should at once, in consultation with the Deputy Commissioner, arrange for the employment of as many disinfection gangs as may be necessary.

3. Each gang should consist of :—

1 head gangman or maistry on Rs. 12.
7 coolies on " 7 each.
2 toties at " 10 "

Note.—Where toties are not needed either or both may be converted into an additional one or two coolies on Rs. 7 each.

4. Each gang should be supplied with the following articles :—

2 Pickaxes.
2 Momaties.
1 Crow-bar.
3 Earthen pots or buckets.
6 Brooms.
6 Brushes.
3 Baskets of chunam.
1 Bundle of straw.
1 Bottle of Kerosine Oil.

} For each day's work.

Note.—The supply for each day may vary according to actual consumption.

5. The number of gangs to be employed will depend on the number of villages affected in each taluk, and on the extent to which the villagers can be persuaded to help in the disinfection of their own houses. On an average two gangs will, it is expected, be found to suffice for each taluk. A gang should disinfect an average of at least 6 houses daily.

6. The work of each gang should be daily carefully supervised by the Plague Inspector and Assistant Plague Inspector, and frequent inspection of the disinfection work should be made by the Amildar and the District Plague Officer.

7. Where possible, the villagers themselves may be formed into gangs and trained to disinfect, but each such gang should be placed under a trained head gangman.

8. The villagers who are prepared to do their own disinfection, may be supplied free with lime for the white-washing of their houses.

9. In the case of the well-to-do residents of the village or town, a small charge for the disinfection of their houses, may be levied, on the following scale, *viz* :—

Rs. 2 for the first 10 ankanams including lime washing
Re. 1 for the first 10 ankanams excluding lime washing.
Re. 1 for each subsequent 10 ankanams or fraction thereof including lime washing.
Annas 8, excluding lime washing.

This charge should in no case be levied unless the Amildar is satisfied that the family is well able to afford it, and should only be levied under the Amildar's orders.

10. A list of villages, together with the charges levied, will be sent by the Amildar, at the end of 15 days after disinfection has been completed, to the Deputy Commissioner, and by him to the Plague Commissioner.

11. A Register in the form shown in appendix (*b*) should be kept in each taluk, showing the number of infected houses and the number of deserted houses in each infected town or village in the taluk, and the date on which disinfection or cleaning thereof was effected, and the amount of any charges for disinfection or cleaning recovered thereon. A statement showing the progress of disinfection, village by village, for each taluk should be submitted at the close of each month by the Amildar to the Deputy Commissioner, through the District Plague Officer.

12. By the 10th of each month the District Plague Officer will submit to the Plague Commissioner, through the Deputy Commissioner, a statement, in the form given in appendix (*c*), of progress in disinfection made during the previous month in his district.

APPENDIX (*a*)

Simple instructions for the Disinfection and cleaning of houses in infected towns and villages in the mofussil.

1. After all the inmates have moved out of the house, if disinfection cannot be at once carried out, securely fasten up the house by locking and screwing or nailing up the doors and putting a seal on the lock, to prevent any one getting into it unnoticed : then remove portions of the roof and make openings in the walls to freely admit sun and air, but not large enough to allow any one to get into the house through them.

2. On going to the house to disinfect it, see that all those engaged in disinfection wear shoes or boots, and allow no one with wounds on hands or feet near the house.

3. See also that the disinfection gang is supplied with the following articles :—

2 Pickaxes,
2 Momaties,
1 Crow-bar,
3 Earthern pots or buckets,
6 Brooms,
6 Brushes,
3 Baskets of chunam,
1 Bundle of straw,
1 Bottle of Kerosine oil.

} For each day's use.

Note—The supply for each day may vary according to actual consumption.

4. On reaching the house have all furniture, clothing, grain, and other articles of every description taken out of the house.

5. Burn all cheap articles, such as matting, firewood, old clothing, rags, small bundles of grain, &c., and on the fire put the pots and grinding stones, &c, which can be removed after being thoroughly heated.

Note. (1) Before destroying these articles, the disinfection officer will, of course, have them valued, gathering for that purpose a punchayet consisting of the owner or a relative if possible, and two or three respectable neighbours.

Note. (2) The value of articles destroyed should be paid to the owner or his agent, if known, on the same day as the articles are destroyed, and a receipt taken from him.

6. After destruction of the cheaper and less valuable articles as in Rule 5, the better articles, such as good furniture and good clothing, &c., should be aired and spread out in the sun. Such things as can be soaked in boiling water, without damage, should be put in a large pot full of boiling water and kept there for 10 minutes with the water bubbling all the time.

7. If, while disinfecting the house, any dead rats are found, pour a little kerosine oil over them and burn them. Do not let any one touch the dead rats with their hands. If they must be picked up and moved before being burnt, pick the body up between two sticks and so carry it out.

8. After emptying the house as above, cover the floor, unless it is a pucka one, with a layer of dry grass or straw or old bamboos and set fire to it; keep the fire burning so that the whole floor may be thoroughly burnt without setting the house on fire.

9. If the floor is a mud one, after burning it dig it up until dry and clean earth is reached, and carefully remove the earth so dug up, to a distance from the town or village.

10. In replacing the floor, see that good clean earth from an uninfected locality is used.

11. After doing all the above, thoroughly whitewash, with freshly slaked lime, the floor, walls, rafters and ceiling of the house.

12. See that all excreta in the latrines and the contents of cesspools and pits on the premises are burnt.

13. Then put back the furniture and other disinfected articles into the house.

APPENDIX (*b*).

Disinfection Register of..... Taluk..... District.....

Village.	Street.	House No.	Name of house owner or tenant.	Whether (*a*) infected and vacated or (*b*) only vacated.	Whether disinfected and lime washed or only lime washed with date thereof.	Amount of disinfection or of lime washing fees, if any, recovered thereon.

Amildar.

APPENDIX (*c*)

Statement of Progress in Disinfection in the..... District for the month of..... 1899.

Taluk.	Village.	Number of houses disinfected.	Number of houses only lime-washed.	Number of disinfection gangs employed during the month.	Amount of fees, if any, recovered for disinfection or lime washing of houses.	Remarks.

District Plague Officer.

Circular No. 8038, *dated Bangalor*, 10*th March* 1899.

It has been brought to the notice of the undersigned by the Senior Surgeon that various kinds of expensive and unnecessary disinfectants and deodorizers are being indented for by officers on Plague duty throughout the Province.

After consultation with the Senior Surgeon, it has been decided to do away with disinfection by chemicals in all towns and villages other than the Cities of Bangalore and Mysore and to rely for

disinfection,

1.—*of Infected Articles*—

(*a*) on exposure to the sun and air

(*b*) or on boiling where this can be done without damage.

2.—*of Infected Houses*

(*a*) on improvement of ventilation

(*b*) or exposure as far as possible of interior to sun and air

(*c*) or burning of the floors where practicable.

Rules for disinfection on the above lines are being issued, and no future supply of disinfectants to districts will be permitted, except a limited supply for use in Plague Hospitals and Camps only.

In the Cities of Bangalore and Mysore, the same process of disinfection, as hitherto, will be continued; but the *marginally noted chemicals only will be used, and these only will be supplied by the Senior Surgeon, nor will charges for the purchase of any others be allowed. Persons wishing other disinfectants used for the disinfection of their houses must supply them themselves.

*1. Corrosive sublimate or perchloride of mercury.
2. Hydrochloric acid.
3. Permanganate of potash.
4. Sulphuric acid.

In this connection, a memorandum on disinfectants by Professor Hankin is republished Appendix (*a*) for information and guidance.

APPENDIX (*a*)

Memorandum on Disinfectants by Hankin.

(1) For hands, furniture, clothing, floors in infected rooms, &c., a solution containing perchloride of mercury 1 per 1000 and hydrochloric acid 2 per 1000.

(2) Or for the interior of infected houses generally a solution containing 1 per cent each of permanganate of potash and hydrochloric acid. A weaker solution would do if used in sufficient quantities.

(3) Best of all for floors, where practicable, to cover them with 5 inches depth of grass and set it on fire.

(4) For courtyards, drains, houses, &c., where there is but slight presumption of infection, a 1 per cent solution of sulphuric acid.

(5) For black putrid mud, if any quantity has to be dealt with, sulphuric acid of 50 per cent strength.

REVIEW ON THE SANITARY REPORTS RECEIVED FROM DISTRICTS FOR 8 MONTHS FROM MAY TO DECEMBER 1898.

No. 8169–76, *dated, Bangalore,* 13*th March* 1899.

The Plague Commissioner regrets to observe that though subsequent to the issue of his Circular No. 217-96, dated 15th February 1898, inviting the attention of the Deputy Commissioners to the necessity that existed for placing all Towns and Villages in their jurisdiction in a perfectly sanitary condition, the Deputy Commissioners were requested so far back as 12th March 1898 to submit fortnightly reports of measures adopted for the sanitation of villages so as to reach this office not later than the 20th of the month and 10th of the following month, some of these officers have not been submitting their returns punctually, as will be seen from the accompanying statement marked A which shows the number of returns still due to this office.

2. Again, the statement showing the number and names of villages in which the objectionable practice of burying or burning dead bodies by the sides of streams, reservoirs, etc., exists, has not been received for certain taluks in the Kolar, Tumkur and Mysore Districts, while the Deputy Commissioner of Chitaldrug submitted the same for the entire district only on the 4th instant after several reminders had been issued from this office.

3. Many of the returns received have not been prepared with any care and attention, as is evident from the fact that names of villages in which burning or burying of the dead bodies by the sides of streams, etc., is said to have been put a stop to, are repeated in more than one return apparently merely for the sake of filling up the statement. It will be observed from the statement marked B that the number of villages in which the objectionable practice is reported to have been put a stop to is larger in all the districts except Bangalore, than the number of villages in which the practice was reported to exist as per talukwar statements separately submitted by the Deputy Commissioners. In some cases also, the names of villages which did not find a place in the latter, are for the first time inserted in the fortnightly returns.

4. In column 8 of the return showing the names of villages in which action has been taken under clauses *a* to *j* of para 4 of the Circular referred to in para 1, it not infrequently happens that the names of a number of villages are inserted without any remark as to the actual improvements made therein though the heading requires that details of work done should be specified.

5. From the above it is clear that there is not sufficient scrutiny of the talukwar returns by the officers responsible for the sanitation work, and that the returns submitted from the districts to this office are not prepared with the requisite care to admit of any reliance being placed in them. Deputy Commissioners are therefore requested to submit within a fortnight from this date, complete information in the accompanying form as to the amount of work done in each taluk under the several heads specified therein from 16th February 1898 to end of February 1899, to enable the Plague Commissioner to see to what extent effect has been given in each district to the instructions issued by him.

6. It has been remarked by a Deputy Commissioner that the repetition of names of villages is necessary owing to the fact that part only of the work to be done is effected in the fortnight. But the Plague Commissioner would observe that in such cases the actual work done during the fortnight should be *clearly specified* in the report.

Deputy Commissioners are also requested to issue strict orders for the careful and correct preparation of these returns in future in the form referred to in para 5 and for their punctual submission to this office by the 25th of the month and 10th of the month following that to which the return relates.

A.—Statement showing the number of Sanitation Returns not received from Districts.

No.	Name of District.	Name of Taluk.	Returns not received for the fortnights ending—	No. of reports not received

THE

MYSORE GAZETTE.

Vol. XXXIV.] Published by Authority. [No. 7.

BANGALORE, THURSDAY, FEBRUARY 16, 1899.

PART II.

NOTIFICATIONS BY GOVT. OF INDIA, RESIDENT, CHIEF COURT, &c.

JUDICIAL DEPARTMENT.

IN THE CHIEF COURT OF MYSORE AT BANGALORE.

Criminal Side.

Rule of Practice No. 67, *dated* 12*th January* 1899.

The Chief Court directs that the following form of calendar of cases tried by the Criminal Courts be substituted for the one prescribed by Criminal Rule of Practice No. 58, dated 1st December 1892.

Form No. 67, *Criminal.*

Calendar of persons tried before the

No. of the case.	Name of complainant.	Description of accused.						Offence complained of.	Date of.						Result of trial.	Number of adjournments.	Explanation of delay.	Remarks.
		Name.	Father's name.	Caste.	Calling.	Age.	Residence.		Occurrence.	Complaint or report	Arrest by the Police	First appearance before the Court.	Commencement of trial.	Close of trial.				
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19

1. Explanation of delay should be invariably given if the interval between the date of appearance of the accused and the date of judgment or sentence is more than a fortnight.
2. If the case is received by transfer from another Court, the date of the first appearance of the accused and the number of adjournments in that Court as well as the particulars of previous conviction will be noted in the column of remarks.
3. In the case of arrest, whether the accused was detained in custody or released on bail should invariably be stated in the column of "Remarks," and in the latter case, the date of release should also be given.
4. In column 16 note—

   Discharged under Section
   Acquitted under Section
   or convicted under Section
   and sentenced to

By Order,

V. A. RAJARATNA MUDALIAR, *Registrar.*

POLICE DEPARTMENT.

Notice, dated 28th January 1899.

A reward of Rs. 10 is offered by Mr. W. Srinivasa Iyengar, Assistant Surgeon, Chitaldrug district, for the recovery of the undermentioned currency note which was found missing from him in December last, and the conviction of the offender.

$\frac{T}{15}$ 00271 *for* Rs. 100.

If traced, the Assistant Superintendent of Police, Chitaldrug district, should be communicated with.

Notice, C. M. No. 2884—423, *dated* 11*th February* 1899.

A reward of Rs. 50 is offered by the Mysore Government to any person or persons who will give information leading to the recovery of the undermentioned property said to have been stolen from the temple of Antarghattamma at Kunkanad, in the Kadur taluk, and the conviction of the offender or offenders concerned.
